The purpose of this bulletin is to define upward classification movements for reallocation and reclassification within broadbanded classification series, effective October 4, 2015. This bulletin replaces Bulletin OSER-0418-CLR dated February 8, 2016, which should be discarded. This bulletin has been updated to include classifications for Schedule 06 and to remove a classification from Schedule 15.

SECTION I. APPLICABLE PROVISIONS

Section I of the Compensation Plan entitled “Pay Administration for Broadband Pay Schedules” contains references to employees’ movements to a “higher classification series level” under I, 4.10 (2), which states:

4.10 Pay on Regrade for Reallocation or Reclassification to a Classification in the Same or Counterpart Pay Range

(2) Regraded employees, except trainees, whose positions are reallocated or reclassified to a higher classification series level within the same pay range, will receive an increase in the amount of 8.0% of the pay range minimum. This applies only if an employee has not held, within five years of the reclassification or reallocation effective date, permanent status in class at the same level of the reclassification or reallocation. The appointing authority may provide an additional pay adjustment under this section allowing for a total pay adjustment of no more than 12% of the new pay range minimum or to the minimum of the pay range, whichever is greater. However, for reallocations that do not solely involve a change in duties, such as pay range reassignments, title changes, or as a result of a survey, the increase may be at the discretion of the DPM Administrator. (Underlining added for emphasis.)
