State of Wisconsin
Student Diversity Internship Program Position Catalog

ALL AVAILABLE POSITIONS FOR SUMMER 2022
DIVISION OF PERSONNEL MANAGEMENT – BUREAU OF EQUITY & INCLUSION
Dear Student:

We are pleased to present you with the SWSDIP catalog of available opportunities to intern with the State of Wisconsin this Summer 2022. Enclosed you will find a variety of positions with several state agencies spanning across multiple career categories. We hope you find one (or two, or five!) aligned with your career and education goals. Here are some tips to help you along in your application process:

1.) Use the Table of Contents to find internship titles that may interest you! Or use CTRL+F to search keywords of specific internships you are looking for. Focus on the title of the internship and not necessarily the state agency where it works. An expansive variety of work is conducted in every agency!

2.) The position number and working title of the position is listed in large letters at the top of the posting and the top right header of the page. You will refer to this position number and title when applying for your position(s).

3.) **Pay attention to the “Preferred Knowledge, Skills, & Abilities (KSA’s)” of the positions you are interested in. Copy and paste these KSA’s into a separate document as you gather the positions you wish to apply to. You will speak to your experience in those KSA’s as part of your application. You will also need to copy and paste the duties of the positions you are interested in.

4.) Remember to pay attention to whether the position is Remote Work Eligible. Remote work positions will allow you to conduct some or all the duties from home or another approved location!

5.) You can apply to up to five different opportunities through your single application. You only need to upload one resume for your application.

6.) Positions will last for up to 12 weeks, unless otherwise noted. Most positions will end by early or mid-August.

Finally, remember that the deadline to submit your application this year is January 21st, 2022. We are excited to receive your applications and are available to help with any questions or issues you may have during the application process. Please do not hesitate to email us at doadpmbel@wisconsin.gov should you require any assistance with your application.

All the best,

Bureau of Equity & Inclusion
Bureau of Merit Recruitment and Selection

Position 115107: Plant Pest and Disease Specialist

Agency: DEPARTMENT OF AGRICULTURE, TRADE AND CONSUMER PROTECTION
Division: Div. of Agriculture Resource Management
Location: Madison Eligible for Remote Work: No
Expected Hours Per Week: 40 Pay Range: $16.19 - $16.51

Job Description and Duties:
This position is split between the field (50%) and laboratory (50%). As a field technician the selected candidate will work with the DEPARTMENT OF AGRICULTURE, TRADE AND CONSUMER PROTECTION forest entomologist to conduct insect and plant health surveys for regulated Insect pest species using visual and trapping survey techniques. Surveys will be conducted along transportation corridors and in urban forested areas such as industrial parks, green spaces and port locations throughout southeastern Wisconsin. Daily travel to field sites will be required 1-2 days per weeks. The selected applicant should have a willingness to work outdoors under varying conditions and ability to drive 100+ miles per day.
As a laboratory technician this position will work closely with DEPARTMENT OF AGRICULTURE, TRADE AND CONSUMER PROTECTION plant pathologists to prepare culture media and buffer solutions; enter data into spreadsheets and databases; organize plant samples and survey materials; assist with plant disease surveys and inspections; and prepare plant samples for disease diagnosis. The selected applicant should have a willingness to work in a laboratory setting where hazardous chemicals are present. This position is based out of the Plant Industry Bureau Laboratory in Madison

Preferred Knowledge, Skills and Abilities (KSA’s):
Although not required the following list outlines useful skills and experience applicable to this position, or the ability to learn these tasks where training can be provided.
• Formal education or volunteer experience in the plant sciences, biology, ecology, entomology or plant pathology
• Experience with plant identification
• Knowledge of general laboratory practices and standard operating procedures (SOP's)
• Ability to use software such as Word, Excel, Power Point, Access, etc.
• Developed organizational skill set and attention to detail
• Strong verbal and written communications skills
• Ability to work independently once trained
Position 115108: Licensing and Complaint Analyst

Agency: DEPARTMENT OF AGRICULTURE, TRADE AND CONSUMER PROTECTION
Division: Div. of Food and Recreational Safety
Location: Madison

Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $20 - $20

Job Description and Duties:
This position provides regulatory, technical, and administrative assistance to the Bureau. Responsibilities include participating in the review, revision, development and implementation of policy, procedures, and metric measurement for licensing workflows; complaint intake and response; analysis of program productivity; and general program evaluation regarding regulatory compliance. Under general supervision, the position is responsible for data entry and customer service responses as it pertains to new license inquiries, complaints received by the public, and new and renewal applications of industry partners. The position will also be responsible for researching, developing, and providing training on Bureau complaint and license processes. The position assists management and senior staff with analysis of Internal Operations Staff workloads, response capabilities and resource needs, data entry and analysis, and evaluation of program effectiveness.

This position is responsible for monitoring statewide complaint activities by ensuring that case files and data are accurate, up-to-date, and accessible in order to verify and monitor inspection and compliance activities related to the complaints. The position evaluates and develops data quality assurance standards and internal controls to ensure compliance with state laws, agency standards, and grant deliverables.

Preferred Knowledge, Skills and Abilities (KSA’s):
A. Analytical skills, including effective planning and organization
B. Ability to prioritize projects and meet deadlines in a changing work environment
C. Ability to learn and maintain knowledge of Wisconsin laws, statutes, and rules
F. Ability to effectively communicate orally and in writing with a variety of internal and external parties
G. Knowledge of word processing, spreadsheets, and the ability to learn computer based data programs
H. Effective written ability to prepare related program reports for use by other parties
I. Mathematical skills
J. Ability to take initiative to identify projects, tasks, or other activities that will further the Bureau’s goals and obtain an appropriate level of support and complete the activity in a timely manner
Department of Children and Families (DCF)
Position 437101: Program and Policy Analyst

Agency: DEPARTMENT OF CHILDREN AND FAMILIES
Division: Div. of Family and Economic Security
Location: Madison, Green Bay, or Milwaukee
Expected Hours Per Week: 30-40
Eligible for Remote Work: Yes
Pay Range: $18.69 - $18.69

Job Description and Duties:
Under the direction of the Section Manager of the Bureau of Working Families (BWF) TANF Policy Section and in collaboration with other program and policy analyst, this position is responsible for assisting in policy analysis, program planning, program review, and policy procedure development for work programs for low-income individuals and families. This position is responsible for assisting other staff to research specific issues or projects assigned to the section. Assignments require analysis using program policy and operations as to resolve conflicting objectives in the development of new policies and programs. Review of federal and state laws, regulations and rules, the practical administrative needs of W-2 agencies, and the potential impacts on the automated system will be used to determine recommendations and next steps.

This position is in the Bureau of Working Families (BWF), The Bureau of Working Families (BWF), in the Division of Family and Economic Security (DFES), administers the Wisconsin Works (W-2) and related programs [Emergency Assistance (EA), Job Access Loans (JALs), Contracted Child Care and Refugee Cash Assistance], subsidized employment [Transform Milwaukee Jobs (TMJ) and Transitional Jobs (TJ) programs], and other workforce initiatives funded through the federal Temporary Assistance for Needy Families (TANF) block grant. The Bureau also administers Community Services Block Grant (CSBG) funds, other TANF funded contracts providing a variety of services to low income adults and youth, and Office of Refugee Resettlement funds to assist Wisconsin’s refugee families

Preferred Knowledge, Skills and Abilities (KSA’s):
Assist other section staff in the identification and analysis of issues, that require the development of policies and procedures, propose changes based upon review and analysis. Participate in workgroup reviews of program policy requirements and the development of procedures to facilitate effective program implementation. Assist in the preparation of written policy materials in clear, concise, and grammatically correct language for use by program and
contractor staff. Proven ability to communicate effectively, both verbally and in writing, and, including the ability to summarize large amounts of information on complex subjects in broad policy and programs areas for a wide variety of audiences both internal and external to the Division.
Position 437102: Child Support Communications Specialist

Agency: DEPARTMENT OF CHILDREN AND FAMILIES
Division: Div. of Family and Economic Security
Location: Statewide

Eligible for Remote Work: Yes
Expected Hours Per Week: 30
Pay Range: $17 - $24.56

Job Description and Duties:
The position develops, implements, and evaluates communications and outreach materials, web and social media content to ensure payees and payers of child support, employers, legislators, and other government officials, as well as the public receive accurate, timely, and consistent information regarding Wisconsin’s Child Support Program. This position works under general supervision in the Communications section with oversight by the Communications Section Manager.

Department of Military Affairs (DMA)

Position 465101: Hazard Mitigation Planning Specialist

Agency: DEPARTMENT OF MILITARY AFFAIRS
Division: Div. of Emergency Management
Location: Madison
Expected Hours Per Week: 30-40
Pay Range: $20 - $24

Eligible for Remote Work: Yes

Job Description and Duties:
This position will help build web-based outreach of the State Hazard Mitigation Plan. Currently, our plan is a static, text-based document. Our desire is to build a web-based product that shares the information in the State Hazard Mitigation Plan and also generates interest in the funding opportunities and helps connect our mitigation program with communities and members of the public. This position will also assist the Hazard Mitigation program with community outreach and education regarding the State Hazard Mitigation Plan and planning priorities. The position will build the concept for how the plan will be shared online, and if possible, can develop the website as well, if the intern has the appropriate skills and abilities.

Preferred Knowledge, Skills and Abilities (KSA's):
Education in Urban and Regional Planning and/or Hazard Mitigation Planning; interest or education in climate change/resiliency; writing skills; communication skills; interest or education disaster recovery;

Above and beyond qualifications: website development
Position 465102: HR Generalist Intern

Agency: DEPARTMENT OF MILITARY AFFAIRS  
Division: State Human Resources  
Location: Madison  
Eligible for Remote Work: Possibly, up to 1 day per week  
Expected Hours Per Week: 20-30  
Pay Range: $20

Job Description and Duties:
This positions will act as a human resources generalist position and take on a wide variety of related human resources programs, including labor relations, employee assistance programs, affirmative action and equal employment opportunity, training, and FMLA.

Preferred Knowledge, Skills and Abilities (KSA’s):
Knowledge of state and federal affirmative action laws and guidelines.  
Knowledge of state affirmative action and equal employment opportunity recruitment strategies.  
Knowledge of FMLA  
Ability to establish and maintain effective working relationships with co-workers, departmental managers, the general public and personnel of other agencies.  
Knowledge of adult training principles, methods and techniques.  
Knowledge of employment relations, grievance and arbitration processes.
Department of Natural Resources (DNR)
Position 370101: Water Resources Management Specialist

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Div. of Environmental Management
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16 - $18

Job Description and Duties:
The Water Resources Management (WRM) intern will assist with collection of water, biota, and sediment samples from lakes, streams and wetlands, as well as conduct vegetation and habitat surveys, as part of ongoing projects to protect and restore Wisconsin waters. Intern will be working as a team with other water quality staff in the field 2-3 days per week. Occasional overnight travel. Office work will primarily consist of entering field data into the Department's water quality database, as well as preparing maps, sampling equipment, and data forms and organizing water quality samples and plant vouchers. Office work may also include orientation to and tasks involving the use of scientific data and processes for water quality protection, i.e., use of water quality standards to set goals for the waterbody, compiling and interpreting field data to assess the condition of Wisconsin waters, developing restoration plans, etc.
In addition, the WRM intern will participate with other interns in the Environmental Management Division exploring the variety and depth of careers represented within the Division. This "career discovery" experience will entail field trips, panel discussions, shadowing and mentoring, and an independent project. Applicants will be invited to propose a specific area of interest that they are interested in exploring as part of the recruitment process.

60%  Assist with field work (lake and stream water quality and biological sampling, wetland and vegetation surveys, habitat assessment) and preparing and maintaining field equipment, forms, vouchers, etc., as well as office tasks involving the use of scientific data and processes for water quality protection.
20%  Participate in various "career discovery" opportunities being coordinated by the EM Division, as part of an overall diversity fellowship program.
20%  Develop and pursue an independent project to address a priority need within the Water Resources program.
Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications:
Educational background or interest in natural resources; ability to work outdoors in sometimes
difficult conditions and terrains; experience working with data in Microsoft Excel and/or other
database systems. Demonstrated capacity to learn and apply new skills and see things through
to completion.
Preferred qualifications:
Taxonomic ID skills, some familiarity with native Wisconsin flora, especially in wetlands and
lakes; prior experience collecting water samples or conducting field work helpful but not
required.
Position 370102: Park Maintenance - Big Bay State Park

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Div. of Fish, Wildlife and Parks
Location: LaPointe (Big Bay State Park)  
Eligible for Remote Work: No
Expected Hours Per Week: 40
Pay Range: $11 - $12

Job Description and Duties:
On the eastern side of Madeline Island, the largest of the Apostle Islands archipelago, Big Bay State Park features picturesque sandstone bluffs along 4 miles of Lake Superior shoreline. The park also has a 1-mile boardwalk, sandy swimming beach, hiking trails, large family campground and two group camps. A short ferry ride from Bayfield to Madeline Island is needed to reach the park.

As a Laborer at Big Bay State Park, you will have the unique opportunity to work at one of the few island properties in the State Park System! Laborers play a critical role in maintaining this popular park by maintaining and cleaning park buildings and grounds, trail maintenance and repairs, and assisting with the development and implementation of new amenities and park facilities.

45%  Mow grass.  Pick up litter.  Clean beach areas, restrooms, campfire rings and picnic grills. Remove trees and brush.
25%  Perform general maintenance duties.  Develop and maintain trail surfaces.  Install signs. Haul garbage, paint grills and picnic tables.
15%  Perform minor plumbing and electrical duties.
15%  Operate vehicles and light equipment.

Preferred Knowledge, Skills and Abilities (KSA’s):
Requirements:
- Knowledge, skills and experience of general maintenance operations
- Ability to work independently, be self-motivated and punctual
- Ability to work a modified schedule; nights, weekends, holidays, etc.
Preferred Qualifications:
- Building/facility or repair maintenance experience
- Knowledge/experience in trail maintenance and construction.
- Experience with Commercial mowers, UTVs, and power ha
Position 370103: Park Maintenance - Copper Falls State Park

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Div. of Fish, Wildlife and Parks
Location: Mellen (Copper Falls State Park)  
Expected Hours Per Week: 40
Pay Range: $11 - $12

Job Description and Duties:
Ancient lava flows, deep gorges and spectacular waterfalls make Copper Falls State Park one of Wisconsin's most scenic parks. Log buildings built by the Civilian Conservation Corps in the 1930s add to the park's charm. The park offers camping, hiking, bicycling, picnicking, fishing and swimming opportunities in Loon Lake. The 1.7-mile Doughboy's Nature Trail, along the Bad River, is one of the best hikes in Wisconsin. The rich history at Copper Falls has put it on the National Register of Historic Places. This position will be critical in supporting the park, maintaining facilities and historical structures, trail work and construction, and special projects. There is no housing on site.
45% Mow grass. Pick up litter. Clean beach areas, restrooms, campfire rings and picnic grills. Remove trees and brush.
25% Perform general maintenance duties. Develop and maintain trail surfaces. Install signs. Haul garbage, paint grills and picnic tables.
15% Perform minor plumbing and electrical duties.
15% Operate vehicles and light equipment.

Preferred Knowledge, Skills and Abilities (KSA's):
Requirements:
- Knowledge, skills and experience of general maintenance operations
- Ability to work independently, be self-motivated and punctual
- Ability to work a modified schedule; nights, weekends, holidays, etc.
Preferred Qualifications:
- Building/facility or repair maintenance experience
- Knowledge/experience in trail maintenance and construction.
- Experience operating commercial mowers, tractors, and UTVs

This data system holds information from air pollution control permits across the nation to ensure robust pollution control requirements are fairly and systematically applied. Review air pollution control permit documents for applicability of New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants, and work with Federal Standards team to track and quality assure rule applicability and make recommendations for improvements to the data collected and to the tracking database interface. 65% Reviewing major source construction permits and making updates to EPA's RACT/BACT/LAER Clearinghouse 35% Reviewing air facility files to ensure accurate applicability of Federal New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants and helping to update and improve applicability tracking system.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications:
Basic understanding of engineering principals and industrial processes
Basic understanding of database management and manipulation
Ability to work cooperatively in a team towards the accomplishment of a goal
Preferred qualifications:
Interest in environmental regulations and regulatory processes
Interest in learning about the Clean Air Act and how it functions to protect and improve air quality
Position 370118: Wildlife Technician

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Fish, Wildlife and Parks
Location: Kansasville
Expected Hours Per Week: 40
Pay Range: $15 - $17

Eligible for Remote Work: No

Job Description and Duties:
This position will assist the wildlife management team in the Southeast with habitat management, maintenance and daily operations of equipment, and wildlife surveys and bird banding. Most travel will be within Bong Recreation Area and state wildlife areas within Racine and Kenosha Counties. Occasional travel to surrounding counties for work days and habitat projects will be part of the job. Trainings that will be provided by the DEPARTMENT OF NATURAL RESOURCES to successful applicants: UTV safety, herbicide application techniques, chainsaw safety, and basic use of brush saws, hand tools, and personal protective equipment (PPE). 60% Assist with the habitat management of grasslands, wetlands, and forests on state land. Establish and maintain native and introduced grasslands and wetland communities. This includes conducting plant surveys and removing invasive plants and brush through mowing, manual pulling or by herbicide applications; maintaining dikes and water control structures; tilling and planting grasslands; and removing invasive trees and large brush using chainsaws and herbicide application. 25% Conduct wildlife surveys and assist with goose, duck and mourning dove banding. Participate in summer deer and game bird observations. 10% Utilize DEPARTMENT OF NATURAL RESOURCES technological systems, handheld GPS units, and Arc GIS to monitor and track habitat accomplishments. 5% Complete daily office tasks such as completing time sheets, expense vouchers and tracking equipment usage.

Preferred Knowledge, Skills and Abilities (KSA’s):
Requirements:
Candidates are required to have a valid driver's license and be able to drive state owned vehicles.
Preferred Qualifications:
A working knowledge of common Wisconsin habitat types and basic management techniques is a preferred qualification.
Position 370119: Information Technology Coordinator

Agency: DEPARTMENT OF NATURAL RESOURCES  
Division: Fish, Wildlife and Parks  
Location: Madison GEF2  
Eligible for Remote Work: Partially  
Expected Hours Per Week: 40  
Pay Range: $17 - $20

Job Description and Duties:
This 40 hours per week position is in Madison, WI, works under general supervision of the IT Systems Supervisor, guided by the Lead Information Technology Coordinator (ITC), and may include rare travel within the state. The position assists the Lead ITC, providing technical support to the Division of Fish, Wildlife and Parks' 1300+ staff statewide. Primary responsibilities include supporting and troubleshooting IT hardware, software and Telecom devices and inventory assets.  

50% Manage Computer Incidents and Service Requests:  
* Actively monitor the ticket queue, prioritize requests and incidents and route to other parties for resolution when necessary. Document support activities when appropriate.  
* Take ownership of tickets and update.  
* Setup new printers, including identifying staff use of printers.  
* Communicate status information related to software and services to staff throughout the Department, in non-technical language.  
* Test new software on bench machines, document installation.  
* Provide Windows 10 and Office 365 installation (imaging) on computers.  
* Physically install computers, computer peripherals, and computer software.  
* Provide data management for users through backups and restores as necessary. Perform hard drive wipes when removing assets from inventory.  
* Troubleshoot non-standard (program-specific) end user hardware / software problems using desk-side support, phone support, and remote tools.  

35% Telecom Services:  
* Assist with all requests and incidents related to smart phones and ipads.  
* Order and setup devices and provide ongoing support.  
* Process app requests.  
* Take ownership of tickets and update.  
* Create tickets for BTS Telecom.  
* Collaborate with Bureau of Technical Services - Telecom and DET to complete requests  

10% Asset Management:  
* Inventory hardware, software, devices.  
* Research the status of asset records and update in the DEPARTMENT OF NATURAL RESOURCES's asset system.  
* Surplus deprecated equipment.  

5% Work on special projects as assigned.

Preferred Knowledge, Skills and Abilities (KSA’s):
Requirements:  
* Training or Experience with the Windows 10 operating system and the Microsoft Office suite to install/image computers.  
* Experience with troubleshooting hardware/software issues.  
* Experience working with remote tools to support customers  
* Ability to provide quality customer service. Preferred Qualifications:  
* Training or experience supporting telecom devices including smartphones and tablets.  
* A+ Certification  
* Microsoft 365 certifications
Position 370120: Parks and Recreation Specialist

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Fish, Wildlife and Parks
Location: Crivitz (Gov Thompson State Park/Gov Earl Peshtigo River State Forest)

Eligible for Remote Work: No
Expected Hours Per Week: 32
Pay Range: $12 - $14

Job Description and Duties:
The Governor Thompson State Park and Governor Earl Peshtigo River State Forest are seeking summer interns for a variety of recreation duties. Recreation Specialists will work on trail maintenance and repair, maintenance related duties that may involve cleaning, carpentry, minor plumbing, or other technical aspects of property maintenance. PR Specialists will operate machinery such as UTV's, boats, chainsaws, hand tools, power tools, mowers, and other motorized vehicles. Perform customer service, sell admission stickers and campsites, and field questions about the property and recreation opportunities in the area. Housing is available on the property.

60% Perform the maintenance of grounds and facilities to ensure they conform to established standards to include mow grass, pick up litter, clean public use areas and beaches, painting, maintaining restrooms and campsites, remove trees and brush, repair and maintain trail surfaces, operate vehicles and light equipment and perform repairs and maintenance to equipment and buildings. Assist in invasive species control and removal.

30% Assist in the collection of fees and dissemination of information. Work at entrance stations, campgrounds or other visitor contact stations. Use electronic cash registers, electronic credit card verification equipment and computerized reservation and reporting systems. Register campers; sell admission stickers to public. Provide answers to visitor questions concerning the specific park area, as well as explain the area's recreational opportunities, interpretive services, concessions and campground availability.

20% Explain State Park rules, regulations and fees to visitors and help with special events. Assist the Property Superintendent with monitoring the work and performance of other team members or volunteers and any other duties as assigned.

Preferred Knowledge, Skills and Abilities (KSA's):
Requirements: Must be at least 18 years old and have a valid Drivers License. Heavy lifting is required. Ability to work independently and as a team, be self-motivated and punctual.
Position 370121: Natural Resources Educator

Agency: DEPARTMENT OF NATURAL RESOURCES  
Division: Public Safety & Resource Protection  
Location: Opportunities available at several locations Statewide including; Eau Claire, Chippewa Falls, Cornell, Hudson, River Falls; La Crosse, Black River Falls; Milwaukee, Waukesha, Kansasville, Eagle, Sheboygan; Baraboo, Dodgeville, Fitchburg, and Madison  
Expected Hours Per Week: 40  
Eligible for Remote Work: No  
Pay Range: $15 - $18

Job Description and Duties:  
Community Service Officers are primarily responsible for facilitating customer service and public safety via education and outreach efforts within their designated administrative area or state-owned properties such as parks, forests, trails, and other lands managed by the Wisconsin DEPARTMENT OF NATURAL RESOURCES. Specifically, this position will provide recreation management, assistance with resource protection, managing public safety through collaboration with law enforcement entities, law and rule interpretation, preventative enforcement through education, security, and administrative activities within the assigned area.

50% Provide education, outreach and excellent customer service to all resource users  
- Educate customers on the safe and wise use of our natural resources and how to recreate safely  
- Communicate with the public (via contacts, education programs, etc.) to promote awareness and knowledge of natural resources and state properties  
- Educate public regarding natural resources rules; providing information and resources to visitors recreating within assigned area  
- Develop preventative programs and activities to maximize voluntary compliance with rules and regulations using proactive, problem-solving and rule enforcement philosophies

20% Assist law enforcement officers (Conservation Wardens, sheriff departments, police) within assigned area or on DEPARTMENT OF NATURAL RESOURCES managed properties to maintain public safety  
- Identify and report public safety issues, concerns, and illegal activity  
- Resolve visitor issues and address low-level conflicts between users  
- Issue verbal warnings to promote compliance with applicable rules to ensure the safety of visitors  
- Perform off-road recreational vehicle checks and education

20% Training & Administrative Duties
- Complete required trainings and reports (expense, time and fleet, financial and business records, etc.)

10% Assist Conservation Wardens in educating users about natural resource laws pertaining to aquatic invasive species and diseases

**Preferred Knowledge, Skills and Abilities (KSA’s):**

**Requirements:**
- Meet minimum requirements for driving a state vehicle
  * Must have a valid operator’s license,
  * Must have minimum of two years licensed driving experience, and
  * Must be eighteen (18) years of age.
- Pass reference based and fingerprint based background checks
- Must be able to start on May 23rd and attend two weeks of consecutive training

**Qualifications:**
- Interest in Working in Natural Resources/the Outdoors
- Customer Service Experience
- Experience communicating with diverse groups, either in personal or professional setting
Position 370122: Engineering Intern-Wastewater

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: EM-Environmental Management
Location: Madison-GEF2
Expected Hours Per Week: 40
Eligible for Remote Work: Yes
Pay Range: $16 - $18.69

Job Description and Duties:
The Wastewater Engineer Intern will assist with review of engineering plans and specifications for wastewater treatment, storage, and conveyance systems, as well as assist with compliance inspections and oversight efforts in order to ensure that wastewater discharges are of sufficient quality to protect water quality in Wisconsin. Office work (70-80%) will begin with training and then primarily consist of reviewing engineering plans and specifications for consistency with design codes and data review and analysis. Field work will be occasional (20-30%) and will consist of traveling to permitted facilities with senior staff to shadow and assist with inspection efforts, as well as other field trips for exposure to other career opportunities within DEPARTMENT OF NATURAL RESOURCES.

In addition, the Wastewater Engineer Intern will participate with other interns in the Environmental Management Division exploring the variety and depth of careers represented within the Division. This "career discovery" experience will entail field trips, panel discussions, shadowing and mentoring, and an independent project.

55% Assist with engineering plan review of wastewater treatment, storage, and collection systems to ensure that proposed systems meet state design standards and accepted engineering practice. Work directly with experienced DEPARTMENT OF NATURAL RESOURCES engineers and consultants to correct deficiencies in projects in order to move them to an approvable state, and then issue approvals in a timely manner.

20% Participate in various "career discovery" opportunities coordinated by the EM Division, as part of an overall diversity fellowship program.

15% Shadow field engineers on inspections of wastewater treatment facilities, independently completing at least one inspection report by the end of the summer.

10% Complete an independent project that addresses a priority need within the Wastewater Program, and present the findings to the Wastewater Section at the conclusion of the internship program.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications:
Educational background or interest in environmental engineering
Ability to drive and work outdoors at industrial sites
Experience working with Microsoft Excel and/or other database systems
Preferred qualifications:
Coursework in environmental engineering, wastewater treatment, and fluid mechanics
Experience working with customers or external stakeholders
Strong communication skills
Position 370123: IS Business Automation

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Internal Services
Location: Madison-GEF2
Expected Hours Per Week: 20

Eligible for Remote Work: Yes
Pay Range: $20 - $22

Skill in data administration and design
Position 370126: Water Supply Specialist

**Agency:** DEPARTMENT OF NATURAL RESOURCES  
**Division:** EM-Environmental Management  
**Location:** Green Bay and Oshkosh or Wautoma  
**Eligible for Remote Work:** Yes  
**Expected Hours Per Week:** 40  
**Pay Range:** $15 - $18

**Job Description and Duties:**
This summer student intern position is designed for environmental science, environmental engineering, or public health students with an interest in safe drinking water. This position is responsible for conducting inspections of small public drinking water systems in northeast Wisconsin. Training and support will be provided to ensure your success in this role. The student intern will gain "real world" environmental regulatory experience and learn about drinking water supply and operations. One position will be stationed in Green Bay's DEPARTMENT OF NATURAL RESOURCES office and the other in Oshkosh or Wautoma, based on the candidate's preference. 75% Conduct annual site visits at small public drinking water systems, as assigned, in accordance with section NR 809.31(1)(d), Wis. Adm. Code. Visually inspect the well and appurtenances, treatment, storage, sample taps, and distribution system. Compare observations to rule requirements. Identify any sanitary defects, recommend corrective actions and appropriate deadlines. Explain findings to system owner/operator. Document findings on the annual site visit form. Distribute copies to the system owner/operator and DEPARTMENT OF NATURAL RESOURCES. Provide system owner/operator with a corrective action verification form when a corrective action is required. 15% Prepare for field work. Plan for annual site visits by mapping daily and weekly routes. As needed, contact system owners/operators to make appointments, determine operating hours, or obtain additional information. 10% Maintain an accurate inventory and update the Drinking Water System (DWS) database. Log all site visits and findings in the DWS database. Track completion of corrective actions. Work with the assigned DEPARTMENT OF NATURAL RESOURCES Representative to ensure any late or incomplete corrective actions are addressed. This may include providing reminders to system owners/operators, or recommending enforcement action. Other associated duties as assigned.

**Preferred Knowledge, Skills and Abilities (KSA's):**
Required qualifications: - Coursework in one or more of the following topics: environmental science, environmental engineering, public health sanitation, hydrogeology, environmental sampling, microbiology, chemistry, groundwater chemistry, and/or geology - Ability to read maps - Ability to accurately enter data into databases and electronic spreadsheets - Strong
communication skills Preferred qualifications: - Experience working as part of a team; as a student, volunteer or employee - Experience providing customer service; as a student, volunteer or employee - Experience with data analysis; as a student, volunteer, or employee - Strong organizational skills
Position 370127: Hydrogeologist

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: EM-Environmental Management
Location: Spooner
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16 - $18

Job Description and Duties:
Assist the Department of Natural Resources Waste and Materials Management program with tasks associated with hydrogeologic records management. Evaluate, interpret, and make decisions based upon monitoring data and monitoring requirements from active and/or closed landfills. Participate in and conduct closed landfill inspections. Provide other program support, as needed.
70% Assist with the organization, maintenance, and interpretation of hydrogeologic records within the Waste and Materials Management program. Locate and process paper and electronic records for long-term storage in the program's electronic file management system (i.e., Central File Repository). Learn and refine policies and standards for active and closed landfill file maintenance and categorization.
15% Evaluate and interpret groundwater monitoring data and monitoring requirements from active and/or closed landfills. Work with regional Hydrogeologists to review and interpret groundwater data; make recommendations to required groundwater monitoring parameters and monitoring frequencies; modify program data systems (i.e., Groundwater Environmental Monitoring System and Field Investigator Site Tracking); and update landfill monitoring information in data files.
10% Gain familiarity with the Waste and Materials Management program by participating in and independently conducting closed landfill inspections and other tasks, as assigned.
5% Provide support services, including data entry, to Waste and Materials Management program staff consisting of Hydrogeologists, Engineers, Environmental Program Associates, and Waste Management Specialists.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications: Enrolled in hydrogeology, earth science, physical sciences, chemistry, or accredited degree program. Strong communication and analytical skills. A willingness to work with and learn from others. Detail orientated, well-organized, and self-motivated. Able to work independently and function in a team environment. Willing to learn and adapt to Waste and Materials Management program data systems. Experience using Windows and Microsoft Office...
Position 370128: Waste Management Specialist

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: EM-Environmental Management
Location: Milwaukee
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16 - $18

Job Description and Duties:
Located in our new Milwaukee headquarters office, this position is a great opportunity for environmental science, engineering, geology, geography, real estate/urban planning, or public health students and recent graduates with an interest in redevelopment or environmental cleanup. This position conducts audits and inspections of properties with completed contamination cleanup projects. The properties are primarily located in southeast Wisconsin. Training and support will be provided to ensure your success in this role. The student intern will gain "real world" environmental regulatory experience and learn about risks posed by environmental contamination and how the presence and clean up of contamination affect property use and development. 65% Query the DEPARTMENT OF NATURAL RESOURCES's contamination site database to identify properties where cleanups were approved by DEPARTMENT OF NATURAL RESOURCES with conditions to be maintained. Review DEPARTMENT OF NATURAL RESOURCES files and other information sources to determine property conditions at the time of cleanup approval, establish current ownership and development features. Make recommendations for site visits. Work with DEPARTMENT OF NATURAL RESOURCES Remediation & Redevelopment staff to conduct site visits or drive by audits as needed to confirm current property conditions. Develop short reports documenting whether current property conditions comply with DEPARTMENT OF NATURAL RESOURCES requirements and make recommendations for next steps. 30% Work with DEPARTMENT OF NATURAL RESOURCES Remediation & Redevelopment staff to conduct and document our annual closed site audits, which could include site visits and field inspections of engineered barriers or vapor mitigation systems. Work with staff to require corrective measures and follow up on compliance status. 5% Conduct other duties as assigned.

Preferred Knowledge, Skills and Abilities (KSA's):
Required qualifications: - Coursework or training in one of the following topics: conservation or environmental science, engineering, public health science or policy, urban planning, geography, GIS, building inspection, radon mitigation, HVAC construction, soil science, environmental sampling, biology, chemistry, geology. - Understanding or experience with database use (you will be trained on our database). - Good communication skills. - Microsoft Word
knowledge/experience. Preferred qualifications: - Ability to read maps. - Experience working as part of a team, as a student, employee or volunteer. - Good organizational skills. - Excel, GIS, Powerpoint knowledge beneficial but not required.
Position Number: 370129
Working Title: Waste Communications Specialist

Position 370129: Waste Communications Specialist

**Agency:** DEPARTMENT OF NATURAL RESOURCES  
**Division:** EM-Environmental Management  
**Location:** Milwaukee  
**Eligible for Remote Work:** Yes  
**Expected Hours Per Week:** 40  
**Pay Range:** $16 - $18

**Job Description and Duties:**
Located in our new Milwaukee headquarters office, this position is a great opportunity for communications, business administration, public administration, urban planning, public health, environmental science, engineering, geology, geography students and recent graduates with an interest in brownfields redevelopment, communications/outreach or environmental cleanup. This position creates "success stories" that can be posted on our website to describe contaminated brownfields properties that have been successfully cleaned up and redeveloped. Training and support will be provided to ensure your success in this role. The student intern will gain "real world" experience about how government works with external partners to clean up and redevelop brownfields and blighted areas in our communities statewide. You will work with experienced environmental, outreach and web design specialists and learn about the unique challenges and opportunities that occur during the cleanup and development of brownfields properties, while gaining experience creating outreach materials for internet display.

80%  * Review DEPARTMENT OF NATURAL RESOURCES files for information about the designated brownfields projects.
* Collect additional information about the property history, cleanup and redevelopment efforts for the projects from DEPARTMENT OF NATURAL RESOURCES staff and external sources.
* Work with DEPARTMENT OF NATURAL RESOURCES Remediation & Redevelopment staff to conduct site visits to obtain updated site and surrounding area photos.
* Develop short success stories following outlines/formats suggested by DEPARTMENT OF NATURAL RESOURCES staff.

10%  Work with DEPARTMENT OF NATURAL RESOURCES Remediation & Redevelopment outreach staff and web design specialists to design the final products for placement on our internet site.

5%  Provide input to DEPARTMENT OF NATURAL RESOURCES staff on improving the success story formats. Provide feedback on your work and recommendations for our continued efforts on this outreach method.

5%  Conduct/complete other duties as assigned.
Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications: Coursework or training in one or more of the following topics (or similar): Communications, journalism, news reporting, technical writing, web design, graphic design, public relations, environmental sciences, real estate, urban planning, public policy, public health. Good oral and written communication skills. Microsoft Word knowledge
Preferred qualifications: Experience working as part of a team; as a student, volunteer or employee. Good organizational skills. PowerPoint, web design beneficial but not required.
Position 370130: FINtern ("Fishing in the Neighborhood" Intern)

**Agency:** DEPARTMENT OF NATURAL RESOURCES  
**Division:** Public Safety & Resource Protection  
**Location:** Milwaukee, Fitchburg, and Madison  
**Eligible for Remote Work:** No  
**Expected Hours Per Week:** 40  
**Pay Range:** $14 - $15

**Job Description and Duties:**
Fishing in the Neighborhood Interns (FiN'terns) deliver fishing programs in the Milwaukee and Madison areas at local parks, neighborhood centers and other venues. There will be two FiN'terns in each community to work as a team, using the DEPARTMENT OF NATURAL RESOURCES's Fishmobile, a trailer stocked with fishing gear. As fishing ambassadors, they will become a regular and welcome presence in a variety of neighborhoods, but especially those that are home to Black, Indigenous and people of color. With guidance from the Angler R3 coordinator in Madison, FiN'terns will work with partners to establish a schedule for the Fishmobile at places where they can coach novice anglers. The ideal candidate has had coursework in natural resources, education, community outreach or social work and is eager to introduce people to their local fishing opportunities. Coupled with Fishing for Dinner, FiN'terns will introduce families, youth and adults to an inexpensive activity that connects them with nature, each other and a healthy, sustainable source of food. This internship is perfect for someone who is flexible, adaptable, and has a good sense of humor. There may be an opportunity to participate in limited fisheries field work.

70%  * Using the Fishmobile, schedule and conduct fishing programs with partners such as community centers, local parks and recreation departments, fishing clubs, nature centers, youth development agencies, social service organizations and community education providers.  
  * Lead fishing and aquatic resources education outings based on the Wisconsin Department of Natural Resources Angler Education and Fishing for Dinner programs.  
  * Collaborate with DEPARTMENT OF NATURAL RESOURCES and partners to deliver programming to diverse audiences in terms of age, family structure, abilities, race, ethnicity and cultures.

20%  * Monitor and maintain equipment for the DEPARTMENT OF NATURAL RESOURCES's Fishmobile.  
  * Maintain participation records and submit them weekly to the DEPARTMENT OF NATURAL RESOURCES. Submit final reports to DEPARTMENT OF NATURAL RESOURCES at the conclusion of internship.

10% Other duties as assigned.
Preferred Knowledge, Skills and Abilities (KSA’s):
Requirements: * Wisconsin driver's license. Good driving record with ability to back a trailer, training provided if needed. * Excellent communication and organization skills and ability to work independently after initial direction. * Comfortable around water, while maintaining a healthy respect for it. * Comfortable handling live fish and bait, along with a willingness to kill fish and cook them. * Able to tie a fishing knot and cast a reel, or quickly learn how to do so, and meticulously care for equipment. Preferred Qualifications: * Experience teaching a skill to people from a wide range of backgrounds. * Competent in use of Excel spreadsheets; Access database a bonus. * Basic First Aid and CPR, upon appointment or within two weeks of appointment. * Bilingual in Spanish or Hmong a plus. * Possess or obtain fishing license upon appointment.

Position 370132: Property Planning Intern

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: Internal Services
Location: Madison-GEF2
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16 - $18

Job Description and Duties:
This internship will assist the DEPARTMENT OF NATURAL RESOURCES Property Planning Section in preparing the Statewide Comprehensive Outdoor Recreation Plan (SCORP) and master plans for department properties. A property plan, also called a "master plan," establishes the level and types of public uses and the authorized resource management and facility development that may take place on a DEPARTMENT OF NATURAL RESOURCES property. The department prepares a SCORP every five years to evaluate outdoor recreation supply, demand, trends and issues. The Planning Intern will assist planning staff in a variety of tasks related to the SCORP process including working with planning staff to gather and synthesize geospatial and survey data from partners and existing datasets, creating maps to aid the SCORP process, and researching and creating briefs on issues related to outdoor recreation. This position will also aid in adding data to planning documents, assisting planners in developing property-specific objectives and prescriptions and reviewing for compliance with applicable administrative code and department policy, document design and formatting, and assisting in developing and conducting public input processes. 70% Assist planning staff with gathering, synthesizing and analyzing geospatial and other planning data related to the SCORP process. 15% Assist planning staff with preparing and reviewing SCORP and property planning documents. 15% Planning and conducting public input processes, site visits for data collection, and other duties as assigned.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications:
1. Familiarity with GIS data formats and tables, and basic cartographic principles. Ability to search broad databases for specific purposes, digitize geospatial features from aerial imagery, and basic geospatial analysis.
2. Basic Excel data analysis and formatting large documents in Microsoft Word. Excellent written communication and/or graphic design skills.
3. Experience or education related to communicating scientific or complicated information to a broad audience.
Preferred qualifications:
1. Knowledge of the principals of natural resources and/or outdoor recreation planning.
2. Experience or education related to applying principals of natural resources and/or outdoor recreation planning to policy interpretation.
3. Experience or education related to researching complex issues and/or developing methods of geospatial analysis to address research questions.
Position 370133: Wastewater Specialist

Agency: DEPARTMENT OF NATURAL RESOURCES  
Division: EM-Environmental Management  
Location: Green Bay  
Expected Hours Per Week: 40  
Eligible for Remote Work: Yes  
Pay Range: $16 - $18

Job Description and Duties:
The Wastewater Specialist Intern will assist with monitoring compliance and enforcement of entities that discharge wastewater (industrial, municipal, septage) to waters of the state to ensure protection of public health, welfare, and the environment. Primary responsibilities will include implementation of individual and general WPDES permit requirements, septage program requirements, land application and land treatment requirements. Tasks will include: permit application review and processing, data review and response, drafting letters (approval, denial, request for information, Notice of Noncompliance), facility inspections, field inspections, complaint response, and database maintenance (data review, uploading files). Occasional assistance with time sensitive special projects could be assigned as well. In addition, the Wastewater Engineer Intern will participate with other interns in the Environmental Management Division exploring the variety and depth of careers represented within the Division. This "career discovery" experience will entail field trips, panel discussions, shadowing and mentoring, and an independent project. 60% Assist with field work (inspections, complaint response, sample collection) and drafting of related documentation. Assist compliance staff with permit compliance and enforcement for municipal/industrial permits and septage licenses. This includes permit and administrative code review, wastewater database review and maintenance, file review and summary, drafting response letters and Notices of Noncompliance, creation of data tables, graphs, and other analytical tasks related to permit compliance. 20% Participate in various "career discovery" opportunities coordinated by the EM Division, as part of an overall diversity fellowship program. 20% Develop and pursue an independent project to address a priority need within the Wastewater program.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications: Educational background/interest in wastewater, water quality, watershed management, natural resources management, or a related field. Experience with MS Office and database management. Ability to perform field work in different types of conditions (wastewater treatment facilities, industrial facilities, agricultural fields, streams and rivers. Preferred qualifications: Excellent organizational and communication skills. Experience with regulatory requirements. Experience working with varied external stakeholders.
Position 370134: Environmental Program Associate

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: EM-Environmental Management
Location: Madison-GEF2
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $15 - $17.50

Job Description and Duties:
Assist the Department of Natural Resources Waste and Materials Management program with tasks associated with data management. Provide other program support, as needed. 70% Work with the Hazardous waste sub-program to verify active/inactive facility data. Work with the Business Support and IT sub-program to map and document existing program databases. Work with Solid Waste sub-program to compile and index various information sources. 15% Process paper and electronic records for long term-storage in the program's electronic file management system (i.e., Central File Repository). 10% Provide technical support services, including data entry, to Waste and Materials Management program staff consisting of Environmental Program Associates, Hydrogeologists, Engineers and Waste Management Specialists. 5% Gain familiarity with the Waste and Materials Management program by participating in inspections and other tasks, as assigned.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications: Interest in data, databases and analyses. Interest in technical support and office management tasks. Strong communication and organization skills. A willingness to work with and learn from others. Detail orientated and self-motivated. Able to work independently and function in a team environment. Willing to learn and adapt to Waste and Materials Management program data systems. Experience using Windows, database software (such as Excel or Access) and other Microsoft Office suite programs (Word, and Outlook). Preferred qualifications: Experience organizing large sets of data and merging large data sets together. Interest in office management tasks, natural resources management, and environmental compliance.
Position 370135: Fisheries Biologist

Agency: DEPARTMENT OF NATURAL RESOURCES  
Division: Fish, Wildlife and Parks  
Location: Madison-GEF2  
Eligible for Remote Work: Yes  
Expected Hours Per Week: 20  
Pay Range: $15 - $17

Job Description and Duties:
Under the general supervision of Fisheries Management Section Chief Lori Tate along with project leads Alex Latzka and Chris Tyrrell, this position provides support in the analysis of published fishery reports, development of reporting policy, and construction of new, statewide datasets related to fishing regulations. Intern will gain familiarity with fisheries monitoring, science, and management, and will apply or learn skills in Excel and R for data management, and GIS tools for management of geospatial data.

50% Inventory and Analyze published fishery reports; assist Fisheries Systems Biologist (Alex Latzka) with an inventory of all reports published by WDEPARTMENT OF NATURAL RESOURCES Fisheries Management, summarize and analyze fisheries survey data, make recommendations for reporting policy to increase clarity, consistency, and efficiency of reports.

30% Assist Fisheries Database Coordinator (Chris Tyrrell) with entry of historical fishing regulations into a new geospatial regulations database, consult historical documents to ensure data accuracy.

20% Miscellaneous duties and tasks as assigned and as desired by the Intern for skill-building; assist with field surveys, attend team & project meetings, learn R for data analysis.

Preferred Knowledge, Skills and Abilities (KSA’s):
Requirements:
Good reading and analytical skills
Good verbal and written communication skills
Ability to use Microsoft Office (Word, Excel)
Willingness to learn/use new statistical tools
Preferred Qualifications:
Good attention to detail
Good organizational skills
Previous experience with R statistical software
Position 370136: Fisheries Communications Assistant

Position 370137: Program & Policy Analyst

Agency: DEPARTMENT OF NATURAL RESOURCES
Division: ES-External Services
Location: Madison - Building GEF2
Eligible for Remote Work: Yes
Expected Hours Per Week: 20
Pay Range: $15 - $17.5

Job Description and Duties:
The DEPARTMENT OF NATURAL RESOURCES mission calls for the agency to ensure the right of all people to use and enjoy Wisconsin's natural resources. Yet, socioeconomic factors, climate change, pollution, and other environmental and public health hazards disproportionately harm communities of color, low-income communities, indigenous communities, and other marginalized Wisconsinites. These impacts also present barriers to these and many other groups using and enjoying the state's natural resources. The Environmental and Climate Justice Analyst will inform agency strategies and policy options by identifying promising approaches for assessing the effectiveness of environmental and climate justice programs and related equity efforts. 35% Conduct literature reviews: Conduct database and Internet searches of professional literature to identify effective approaches to assessing state and local environmental and climate justice initiatives. This work could include identifying effective approaches to assessing racial equity work in the conservation and environmental fields. 35% Conduct structured interviews: Identify potential contacts in government, academia, the nonprofit sector, and the field of professional evaluators; formulate questioning strategy and interview script; and conduct virtual interviews to explore approaches employed. 15% Report on findings: Organize information into report formats that clearly present findings in a manner understandable to staff, managers and stakeholders who may not have an environmental justice background; develop coherent presentation outlines/graphics, and present to staff, management and partners. 10% Develop study design: Identify/scope policy analysis questions. Consult with staff and external partners. Determine appropriate study design, using most effective approaches/methodologies. 5% Other duties as assigned.

Preferred Knowledge, Skills and Abilities (KSA’s):
Required qualifications: Basic knowledge of policy analysis techniques, including conduct of literature reviews and interviews. Solid organizational skills. Solid communication skills. Positive attitude. Preferred qualifications: Ability to prioritize tasks, set milestones, sequence activities, establish realistic time frames, and deliver products/services in a timely manner, with limited supervision.
Position 370138: Park Maintenance

Agency: DEPARTMENT OF NATURAL RESOURCES  
Division: Fish, Wildlife and Parks  
Location: Kansasville (Richard Bong State Recreational Area)  
Eligible for Remote Work: No  
Expected Hours Per Week: 40  
Pay Range: $12 - $12

Job Description and Duties:  
Clean restrooms, campfire rings and picnic grills, mow grass, pick up litter, and remove trees and brush. Perform minor plumbing and carpentry. 45% Mow grass. Pick up litter. Clean beach areas, restrooms, campfire rings and picnic grills. Remove trees and brush. 25% Perform general maintenance duties. Develop and maintain trail surfaces. Install signs. Haul garbage, paint grills and picnic tables. 15% Perform minor plumbing and electrical duties. 15% Operate and maintain vehicles and light equipment.

Preferred Knowledge, Skills and Abilities (KSA’s):  
Requirements: Knowledge, skills and experience with general maintenance operations - Building and/or groundskeeping repair or maintenance experience - Ability to work independently, be self-motivated and punctual - Ability to work a modified schedule; nights, weekends, holidays, etc.
Department of Health Services (DHS)
Position 435101: Communications Specialist

Agency: DEPARTMENT OF HEALTH SERVICES
Division: Office of the Secretary
Location: Madison
Expected Hours Per Week: 10
Eligible for Remote Work: Yes
Pay Range: $16.25

Job Description and Duties:
The DEPARTMENT OF HEALTH SERVICES Office of the Secretary (OS) is looking for intern capacity to support the legislative, communications, policy and external affairs teams. Interns to the OS will be asked to review/edit press releases, review external communications and legislation and provide summaries, analysis and recommendations, assist with preparation, organization and administrative tasks related to external stakeholder engagement and event requests.

Preferred Knowledge, Skills and Abilities (KSA’s):
Ability and interest to read long/dense or technical information and break it down for understanding and critical analysis. Ability and interest in a fast-paced working environment. Knowledge and interest in the fields of communications, external affairs, health policy and health legislation. Strong oral and written communication skills preferred.
Position 435102: Pharmacy Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: Wisconsin Resource Center
Location: Winnebago
Expected Hours Per Week: 40
Pay Range: $14.25 - $15

Eligible for Remote Work: No

Job Description and Duties:
Under the supervision of the Pharmacy Director this position provides support to the Winnebago Mental Health Institute (WMHI) Wisconsin Resource Center (WRC) Shared Services Pharmacy team. This position requires an independent worker who is interested in business operations, accreditation standards, and project work. The pharmacy administrative assistant will learn the day to day operations of the pharmacy department and assist with medication deliveries, returning medications to stock, yearly inventory, and project work. Project work and training plan will align with the interests and goals of the applicant and needs of the pharmacy department.

Preferred Knowledge, Skills and Abilities (KSA’s):
Efficient time management skills and the ability to manage multiple projects simultaneously; strong organizational skills; ability to prioritize work and work independently; team player who establishes working relationships with others; professional communication skills; computer skills with Microsoft Word and Outlook; and ability to work in a secure setting.
Position 435103: Research Analyst

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: WRC  
Location: Winnebago  
Eligible for Remote Work: No  
Expected Hours Per Week: 40  
Pay Range: $16.25 - $18.00

Job Description and Duties:
Analyze Wisconsin Women's Resource Center (WWRC) programming and operational data from 2011 to present, prepare report reflecting data analytic outcomes. Work with WWRC Leadership to improve structure of IT Desktop folders and essential documents for WWRC. Collaboratively work with WRC Continuous Quality Improvement (CQI) Team to organize, review, analyze and report on Wisconsin Resource Center's (WRC) Pandemic Response data including development of WRC Annual Report. Assist WRC CQI Team on current IT and data analytic projects regarding structure/process development of WRC Electronic Health Record, analysis of WRC Staffing, Operations and improvement strategies.

Preferred Knowledge, Skills and Abilities (KSA's):
Knowledge of Windows based computer systems, Microsoft Office programs, SPSS, Tableau, Cerner Healthcare Record Systems and Local Area Network (LAN) connectivity, security and structure. Coursework and strong understanding of data analytic strategies related to univariate and multivariate statistical methods. Open and assertive interpersonal skills with willingness to work collaboratively with a variety of people to bridge information gaps regarding IT, data analysis and LAN frameworks to establish a collective understanding of objectives and plans. Willing to work with teams within WRC and establish a bigger picture understanding of the IT structure, IT programs and data analytic strategies to generate univariate and multivariate data results in a meaningful manner to internal and external stakeholders. Willing to participate in New Employee Training (NET) to learn basic safety, security practices and orientation as WRC/WWRC is classified as a prison providing mental health care to Wisconsin Department of Corrections (DOC) Persons in our Care (PIOC).
Position 435104: Employee Engagement/HR Intern

**Agency:** DEPARTMENT OF HEALTH SERVICES  
**Division:** DES  
**Location:** Madison  
**Expected Hours Per Week:** 40  
**Eligible for Remote Work:** Y - 3days/wk  
**Pay Range:** $14.25 - $15

**Job Description and Duties:**
Provide administrative support for the DEPARTMENT OF HEALTH SERVICES 2022 Employee Satisfaction and Engagement survey. Major duties include: monitor schedules and timelines, create and facilitate meetings, coordinate approval of survey questions, and set up the survey and testing. Special projects in other HR focused areas including exit interviews, HR metrics, and remote work.

**Preferred Knowledge, Skills and Abilities (KSA’s):**
Excellent time management, communication, computer and customer services skills. Previous online survey experience and some data analysis skills using MS Excel are desirable. Ideal candidates will be enrolled in a business program with a human resource emphasis.
Position Number: 435105
Working Title: COVID Program Analyst

Position 435105: COVID Program Analyst

**Agency:** DEPARTMENT OF HEALTH SERVICES  
**Division:** CRRT  
**Location:** Madison  
**Eligible for Remote Work:** Y  
**Expected Hours Per Week:** 32-40  
**Pay Range:** $16.25

**Job Description and Duties:**
Assist with identifying program area and process improvement opportunities, preparation and presenting of testing program recommendations and conducting analyses of policy, fiscal, and programmatic outcomes. In addition, prepare reports, studies, and briefing papers, assist with the development, deployment, and evaluation of outreach strategies and plans across the testing team and initiatives to expand and support testing efforts that would increase health equity by helping entities currently engaging in or wanting to engage in testing. Lastly, research and analyze relevant data to inform work and outcome and support the Program and Policy Analysts, as well as the Testing Health Equity Specialists in duties as assigned.

**Preferred Knowledge, Skills and Abilities (KSA’s):**
- Strong sense of collaboration and dynamic teaming with other stakeholders and teams  
- Strong analytical and critical thinking skills  
- Demonstrated ability to rapidly understand complex problems and identify, implement, and improve solutions  
- Ability to effectively interact with complex government administrations, individuals, or groups in a systemic manner in order to accomplish a task or assignment  
- Strong project and time management skills  
- Capable of managing multiple competing high-priority projects at the same time  
- Comfortable dealing with ambiguity and enjoy working on different problems every day
Position 435106: Health Equity Youth Engagement Communications Specialist

Agency: DEPARTMENT OF HEALTH SERVICES
Division: OHE
Location: Madison

Eligible for Remote Work: unknown
Expected Hours Per Week: 20-40
Pay Range: $16.25

Job Description and Duties:
Develop and lead the creation of the Health Equity Youth Engagement Project which provides DEPARTMENT OF HEALTH SERVICES with a better understanding of communications strategies, messaging, and media that encourages youth to get involved with Public Health and Health Equity. Design, coordinate, and implement a strategy that promotes the understanding and support of Health Equity for younger populations. Design and create visually appealing graphics and communications products that promote key Office of Health Equity (OHE) messages and encourage youth engagement in topics related to public health. Develop a strategy to evaluate the effectiveness of the communications strategies. Participate in various OHE-wide and Office of Secretary Communications activities as assigned. Learn more about how communications, policy, and advocacy intersect.

Preferred Knowledge, Skills and Abilities (KSA’s):
Interest and experience in health justice, social issues, and principles of health equity. Knowledge and skill in verbal and written communication including presentation of complex, technical or sensitive information in a manner easily understood by a variety of individuals from underrepresented backgrounds. Experience working with underrepresented populations and/or youth organizations. Desire to learn about Health Equity, and the factors that impact health. Ability to exercise individual initiative and independent judgment in leading a report or project.
Position 435107: IT Desktop Support

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: DES  
Location: Madison  
Eligible for Remote Work: No  
Expected Hours Per Week: 40  
Pay Range: $16.25

Job Description and Duties:  
Under the supervision of the Desktop Management and Support Section Chief, perform activities in support of DEPARTMENT OF HEALTH SERVICES operations. Duties include hands-on support of IT incidents, service requests, and change management requests relating to desktops, laptops, printers, wireless devices, and computer software. The primary focus of this position is to resolve technical problems and to assist customers with desktop applications, documents, and facilitate sharing information. The candidate must be focused on customer service, and have behaviors which display that attitude.

Preferred Knowledge, Skills and Abilities (KSA’s):  
Knowledge of Microsoft Windows, PC maintenance, technical support techniques, and procedures. Knowledge of problem management and service request systems. Knowledge of problem solving and conflict management techniques. Ability to multi-task, effective oral and written communication skills and customer service skills.
Position 435108: Accreditation Assistant

Agency: DEPARTMENT OF HEALTH SERVICES
Division: DPH
Location: Southern WI
Eligible for Remote Work: No
Expected Hours Per Week: 30-40
Pay Range: $16.25

Job Description and Duties:
The intern will work closely with the statewide training coordinator as the primary mentor. The intern will assist in administering the state certification exam that new applicants for lead supervisor, hazard investigator, inspector and risk assessor must pass in order to become fully certified to do that work. The intern will accompany the statewide training coordinator along on-site training class audits and assist in completing associated reports and follow-up communication. The intern will assist the training coordinator in coordinating training sessions for applicants for lead risk assessor and inspector in the use of X-Ray Fluorescence (XRF) instruments and providing other technical assistance to the regulated community. The intern may also, as time permits, digitize program records for posterity and easy retrieval.

Preferred Knowledge, Skills and Abilities (KSA’s):
Valid Driver's License and ability to travel, proficient with computer software for email and word processing, and interest in one or more: regulatory/compliance issues, public health, adult education, outreach. Spanish fluency is preferred but not required.
Position 435109: IS Technical Services Professional

Agency: DEPARTMENT OF HEALTH SERVICES
Division: SWC
Location: Union Grove
Expected Hours Per Week: 20-40
Eligible for Remote Work: No
Pay Range: $16.25

Job Description and Duties:
The IT team would coach and mentor interns to build and deploy workstations, download software using distribution software, provide basic troubleshooting for desktop and peripheral equipment, move/deploy new and existing equipment, and help understand the basic concepts of local area network and wide area network equipment and monitoring tools.

Preferred Knowledge, Skills and Abilities (KSA’s):
Knowledge of MS Windows 10 and MS Office 365 either through personal use or in an educational setting. They should possess a cursory knowledge of Apple IOS’s for Ipads and Iphones. They should be eager to learn and enjoy being part of a team.
Position 435110: Auditor Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: OIG
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16.25

Job Description and Duties:
The intern will assist the Pharmacy Team and the Managed and Long-Term Care Team in the Office of the Inspector General with program integrity initiatives. There will be an opportunity to compile and analyze data from program integrity reports and other sources for BadgerCare and SSI Medicaid programs, Family Care program, and IRIS program. Results of the analysis will help protect against fraud, waste, and abuse to ensure the best care is being provided to Medicaid enrollees by protecting the taxpayers of Wisconsin. Additionally, there will be opportunities to assist with investigating and writing fraud referrals, pharmacy audits, network provider audits, presenting at quarterly program integrity meetings, and other various program integrity initiatives outlined in the teams' charters and work plans for the current calendar year.

Preferred Knowledge, Skills and Abilities (KSA's):
Ability to analyze data and information in a variety of formats and draw appropriate conclusion. Ability to communicate professionally and provide excellent customer service while working with our partners. Ability to document results of analysis with a variety of stakeholders including presentations, charts, graphs, and written reports. Proficient with Microsoft Office suite.
Position 435111: Groundskeeper

**Agency:** DEPARTMENT OF HEALTH SERVICES  
**Division:** SWC  
**Location:** Union Grove  
**Eligible for Remote Work:** No  
**Expected Hours Per Week:** 40  
**Pay Range:** $12.49

**Job Description and Duties:**
This position performs a variety of grounds keeping activities throughout the summer to maintain and improve the grounds, roadways, recreational trails, lawn areas, trees/shrubs and sidewalks of the Southern Wisconsin Center facility. Responsibilities include lawn care, landscaping, maintenance of roadways, parking lots, sidewalks, and fences. This position also performs preventative/corrective maintenance to grounds equipment and fleet vehicles as needed. This position will also give you the opportunity to assist and shadow our skilled trades (plumber, steamfitter, electrician, carpenter, painter) and our other repair workers.

**Preferred Knowledge, Skills and Abilities (KSA’s):**
This position requires a valid Wisconsin driver's license. Desired candidates will have the ability to operate UTV’s, hand and riding mowers, weed cutters, hand and power tools with knowledge of safe operation and the ability to observe/learn all safety precautions. Candidate must have the ability to work from ladders, stretch, consistently lift up to 70 pounds, and spend long hours on commercial mowing equipment. The candidate will have knowledge or the ability to learn how to inspect, clean, and perform routine maintenance on grounds keeping equipment.
Position 435112: Psychological Services Assistant

Agency: DEPARTMENT OF HEALTH SERVICES
Division: SWC
Location: Union Grove
Eligible for Remote Work: No
Expected Hours Per Week: 10-20
Pay Range: $15.25

Job Description and Duties:
Assist Psychological Associates or Psychologists to design, develop, implement, and coordinate psychotherapeutic treatment and training programs designed to facilitate the affective, social, and cognitive growth of the residents diagnosed with intellectual disabilities and mental health disorders. Further assist the Psychology Department with complex psychological evaluations, assessment of mental health symptoms, behavioral assessments, and integrated treatment plan development.

Preferred Knowledge, Skills and Abilities (KSA’s):
Ability to work cooperatively with others on a team or independently. Interested in learning about mental health disorders, maladaptive behaviors and intellectual disabilities. An interest in wanting to learn regulations, client rights, psychotherapeutic methods and techniques including behavior modification techniques.
Position 435113: Recreational/Music/Art/Vocational Therapy Assistants

Agency: DEPARTMENT OF HEALTH SERVICES

Location: Winnebago
Expected Hours Per Week: 40
Eligible for Remote Work: No
Pay Range: $20.56

Job Description and Duties:
Interns will work with Winnebago Mental Health Institute (WMHI) nursing staff to experience floor nursing in a psychiatric setting. Pass medications and perform assessments under supervision of a registered nurse. Assist Psychiatric Care staff with direct patient care. Must be CNA certified and have completed at least one semester of clinical education within a nursing program.

Preferred Knowledge, Skills and Abilities (KSA’s):
CNA certification required.
Position 435118: Volunteer Services Museum Intern

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: WMHI  
Location: Winnebago  
Expected Hours Per Week: 25  
Pay Range: $14.25 - $15  
Eligible for Remote Work: No

Job Description and Duties:
Under the supervision of the Volunteer Services Coordinator, the primary focus of work will be updating the collections management database to accurately reflect Museum artifact inventory. Assist with an assessment of site collection management practices and implementation strategies designed to improve collections stewardship. Guided by museum procedures, provide and oversee basic cleaning of the collections and exhibits, preparing them for storage or display. Goals and Projects: Assist in organizing Museum archives using PastPerfect 5.0 software. The Museum receives many documents and hospital artifacts on a regular basis from Winnebago Mental Health Institute which need to be processed and stored, work with the Volunteer Coordinator and Museum Steering Committee to create new Museum exhibits and ensure all collections documentation (including maps, photographs, negatives, slides, etc.) are stored according to the museum’s policies and procedures.

Preferred Knowledge, Skills and Abilities (KSA’s):
Knowledge of social history; ability to perform professionally accepted museum cataloging processes and data entry; research skills to document site collections and establish historical significance. Knowledge and ability to develop and install exhibits; excellent written communication skills; ability to lift and carry 30 pounds and have the physical dexterity and flexibility necessary to work in both an office environment and a historic site/museum environment; ability to use computer applications, such as Microsoft Office Suite and PastPerfect; and highly developed organizational skills and attention to detail.
Position Number: 435119  
Working Title: Policy and Equity Specialist

Position 435119: Policy and Equity Specialist

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: DMS  
Location: Remote/Madison  
Eligible for Remote Work: Yes  
Expected Hours Per Week: 40  
Pay Range: $16.25

Job Description and Duties:
Provide analysis and regular written and verbal status updates for projects, especially with an equity lens for various initiatives for the Division of Medicaid Services (DMS). Assist with drafting clear, concise and complete reports and work plans, and assist with development of plans, meeting planning and facilitating for policy and equity related initiatives. Provide recommendations and written options, including presentation and discussion with management and other stakeholders on next steps. Review efforts of DMS Equity and Inclusion Committee, including project work groups, and provide support to policy and practice. Attend and participate in meetings and work groups; reach out and communicate with subject matter experts for input into the projects and document the current state, including gaps and potential options for implementing change. Gather information and roll up for management review and assist in determining the appropriate next steps with an analysis of current programs and policies. Support committee members with project planning, scheduling and development of action items for implementing recommendations and monitoring/evaluating progress. Work with and take direction from leadership from the Division of Medicaid Services Administrator's Office (DMS AO) policy advisor on ongoing projects, including member focused improvements, race and ethnicity demographic initiative, language and translation services for members, and others. Work with DMS AO policy advisor on American Rescue Plan Act (ARPA) funded projects and grant implementation, including support of home and community based services.

Preferred Knowledge, Skills and Abilities (KSA’s):
Working towards degree in business, public administration, political science and other related majors. High levels of respect and professionalism towards others. Strong interest in government policy and quality improvement, and highly motivated to apply an equity lens to projects and initiatives. Ability to apply lived experience to analysis and approach to making policy improvements. Have a demonstrated commitment to advancing social and/or racial justice progress. Experience with project management concepts preferred but not required. Strong interest in working with leadership and management to support division wide initiatives. Skill in using Outlook, Zoom, Word, Excel and computer software to carry out daily activities. Ability to work remotely, including access to Internet connectivity for meetings. Ability to work
with others closely at times and other times with increasing independence as skills are developed. This includes working with a variety of employees, from admin and staff level to front line managers and top executive management. Strong oral and written communication skills, and ability to follow written and oral direction and instructions. Ability to exercise good judgment and collaborate with others in a clear, respectful, and cooperative manner. Knowledge of Medicaid policy law and regulation preferred but not required.
Position 435120: Program and Policy Analyst Intern

**Agency:** DEPARTMENT OF HEALTH SERVICES  
**Division:** DMS  
**Location:** Remote/Madison  
**Eligible for Remote Work:** Yes  
**Expected Hours Per Week:** 20  
**Pay Range:** $16.25

**Job Description and Duties:**  
The Program and Policy Analyst (PPA) intern will initially be tasked with shadowing program staff in the normal course of business. The intern will be invited to participate in training activities to learn more about the current systems in place and to provide context for programs administered by the office. This individual will be assigned short-term projects related to programs housed within the Bureau of Children's Services and based on their areas of interest. We seek an individual with a positive attitude and genuine enthusiasm for being a part of both program and policy development serving children with delays or disabilities and their families. The PPA intern will also assist in identifying the implications of policy and/or issue options for the purpose of developing recommendations which is an important part of our bureau's work.

**Preferred Knowledge, Skills and Abilities (KSA’s):**  
The PPA should have critical thinking and analytical skills; be proficient in MS Office; have excellent problem solving/written and verbal communication skills; and possess the ability to convey complex information to a lay audience. He/she should be organized and able to work independently, but feel comfortable asking for help from a team when needed. In addition, this person should be someone who can analyze data, gather stakeholder feedback and is interested in learning basic project management skills. The candidate should also be comfortable accumulating data and assessing policy or issue alternatives from a variety of sources. Ability to analyze policies affecting Medicaid programs; draft policy recommendations; prepare issue papers on assigned topics and subject areas; and participate in selected work groups and committees. Basic computer data entry skills; excellent reading comprehension and research paper composition; maintaining personal information and private records confidentiality; website management; verbal and written communication; project outreach and interviewing skills; experience in Microsoft Word; Excel, Power Point and Outlook calendaring.
Position Number: 435121  
Working Title: Access Program and Policy Analyst

Position 435121: Access Program and Policy Analyst

Agency: DEPARTMENT OF HEALTH SERVICES
Division: DMS
Location: Remote/Madison  
Eligible for Remote Work: Yes
Expected Hours Per Week: 30-40  
Pay Range: $16.25

Job Description and Duties:
The Access Program and Policy Analyst (PPA) will initially be tasked with shadowing program staff in the normal course of business. The intern will be invited to participate in activities to learn more about the current systems in place and to provide context for access and intake related operations. This individual will be assigned short-term projects related to programs whose eligibility is governed by the Children’s Functional Screen, and assist with long term initiatives such as Children's Program Intake Platform (CPIP) Statewide and Katie Beckett Disability Transition. The Access PPA intern will work closely with the Access & Intake section’s Access PPA on project and initiative support, as well as on standard operating procedures across our section’s functional areas. The Access PPA will also assist in identifying the implications of policy and/or issue options for the purpose of developing recommendations to their section manager and to bureau leadership.

Preferred Knowledge, Skills and Abilities (KSA’s):
We seek an individual with a positive attitude and genuine enthusiasm for being a part of policy, operations, and program development serving children with delays or disabilities and their families. The Access PPA should have critical thinking and analytical skills; be proficient in MS Office; have excellent problem solving/written and verbal communication skills; and possess the ability to convey complex information to a lay audience. They should be organized and able to work collaboratively with busy team members. In addition, this person should be someone who can analyze data, gather stakeholder feedback, and is interested in learning basic project management skills. The candidate should also be proficient in developing written materials for a variety of audiences. Ability to analyze policies affecting Medicaid programs; draft operational guides and workflows; draft policy recommendations; prepare issue papers on assigned topics and subject areas; and participate in selected work groups and committees. Basic computer data entry skills; excellent reading comprehension; maintaining personal information and private records confidentiality; verbal and written communication; project outreach and interviewing skills; experience in Microsoft Word; Excel, Power Point and Outlook calendaring.

Position 435124: Program Coordinator Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: DMS
Location: Remote/Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 20-40
Pay Range: $14.25 - $15

Job Description and Duties:
Division of Medicaid Services, Bureau of Benefits Policy (BBP) is interested in hiring a program coordinator intern. Initially, the intern will shadow program staff in the normal course of business. The intern will be invited to participate in training activities offered to program staff, which will provide the intern with the opportunity to learn more about the systems in place and BBP's programs. The intern will be assigned short-term projects related within daily operations of BBP. For example, the intern may be asked to document work processes, create policies and procedures, and develop quality checklists. The intern's interests will be taken into account when the supervisor assigns projects.

Preferred Knowledge, Skills and Abilities (KSA's):
BBP seeks an intern with a positive attitude and a genuine interest in Wisconsin Medicaid. BBP requires an intern who is organized and proficient in Microsoft office. Additionally, the intern needs critical thinking and issue-spotting skills; strong communication skills, both written and verbal; and the ability to convey complex information to a lay audience. The intern must be able to work independently and with others. An interest in quality and process improvement is helpful, but prior experience is not required.
Position 435125: Program Coordinator Intern

**Agency:** DEPARTMENT OF HEALTH SERVICES  
**Division:** DMS  
**Location:** Remote/Madison  
**Eligible for Remote Work:** Yes  
**Expected Hours Per Week:** 20-30  
**Pay Range:** $14.25 - $15

Position 435126: Medicaid Quality Analyst

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: DMS  
Location: Remote/Madison  
Eligible for Remote Work: Yes  
Expected Hours Per Week: 20-30  
Pay Range: $16.25

Job Description and Duties:
The intern will be tasked initially with shadowing program staff in the normal course of business. The intern will be invited to participate in training activities offered to program staff, to learn more about the current systems in place and to provide context for programs administered by the office. The intern will be assigned short-term project work related to compiling, reviewing, and communicating quality data about Medicaid long term care and managed care programs used to develop annual scorecards, develop policy, and create program documentation. The intern may have other ad hoc quality and health equity assignments.

Preferred Knowledge, Skills and Abilities (KSA’s):
We seek an intern with a positive attitude and a genuine enthusiasm for being a part of Division of Medicaid Services program. We require an intern who is proficient in MS office. The intern should have critical thinking and analysis skills. We prefer an intern who has strong communication skills - both written and verbal - and the ability to convey complex information to a lay audience. The intern should be organized and able to work independently and remotely, but feel comfortable asking for help from a team when needed. This position will assist with data compilation from different sources, develop ratings for a program scorecard, validating information, and drafting communications or providing input on policy development. An interest in quality improvement and data is helpful but prior experience is not required.
Position 435127: Claims System Support

Agency: DEPARTMENT OF HEALTH SERVICES
Division: DMS
Location: Madison
Eligible for Remote Work: No
Expected Hours Per Week: 20-24
Pay Range: $16.25

Job Description and Duties:
The intern will assist in reviewing and drafting documentation, researching, participating in meetings and the system development life cycle. The work will include multi-tasking between various projects and assisting the team with responsibilities as needed. The intern will understand the overview of the Medicaid Management Information System and how Division of Medicaid Services (DMS) works with its vendors.

Preferred Knowledge, Skills and Abilities (KSA’s):
We seek an intern with the ability to perform technical writing, multi-task, excellent organization and computer skills and knowledge about data systems.
Position 435128: Management Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: CWC
Location: Madison
Expected Hours Per Week: 30-40
Pay Range: $15

Eligible for Remote Work: No

Job Description and Duties:
Under the supervision of the Central Wisconsin Center (CWC) Quality Improvement Coordinator, the Management Intern will assist with quality improvement projects in accordance with CWC’s quality improvement and strategic plans and present project milestones and final project reports to Administration. The Management Intern will provide project support services in priority areas such as staff recruitment and retention, training curriculum design, and work flow improvements as well as assisting in proactively improving quality through regulatory compliance all while using an equity lens.

Preferred Knowledge, Skills and Abilities (KSA’s):
The candidate will have the ability to use computer software (Power Point, Word, Excel, Outlook) as well as have good organizational skills to assist with conducting research through Internet searches and using online database tools. Ability to evaluate and complete data analyses as well explain their findings. The candidate will have excellent verbal and written communication skills, experience in creating presentations as well as have good interpersonal skills which will assist them to work with individuals from varied professional backgrounds and at different levels (from front-line staff to senior leaders). The candidate will have the ability to work both independently and on a variety of teams.
Position 435129: Recreational/Vocational Program Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: CWC
Location: Madison
Expected Hours Per Week: 30-40

Eligible for Remote Work: No
Pay Range: $11 - $15

Job Description and Duties:
Under the supervision of the Deputy Director or Residential Unit Director(s), the Activity Helpers will assist in implementing recreational and leisure activities with CWC residents. This may include assisting with activities on-grounds or in the community. Activity Helpers work alongside recreational and/or resident living staff in providing person-centered programming which address resident goals and meet the leisure, social, and recreational needs of residents. Activity Helpers will communicate program and resident specific information to the unit Recreation Therapist, Therapy Assistants and Resident Care Supervisors and will assist with activity preparation, planning, set-up and clean-up.

Preferred Knowledge, Skills and Abilities (KSA’s):
This position requires strong communication skills and the ability to work cooperatively within a team driven environment. Activity Helpers must have the ability to work independently, as well as follow written and verbal instruction. Candidates for this position must demonstrate a desire to work with individuals with intellectual/developmental disabilities and demonstrate interest in providing active treatment through recreational or leisure activities.
Position 435130: Landscape Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: CWC
Location: Madison
Eligible for Remote Work: No
Expected Hours Per Week: 30-40
Pay Range: $14.25 - $16.38

Job Description and Duties:
Under the supervision of the Central Wisconsin Center (CWC) Director and in cooperation with the Facility Grounds Supervisor, the Landscape Design Intern will research, evaluate and make recommendations for environmental improvements and equipment needed to enhance accessibility required to support individuals to utilize outdoor spaces for recreation, social experiences and therapeutic interventions.

Preferred Knowledge, Skills and Abilities (KSA’s):
The candidate will have the ability to work with a variety of stakeholders to conduct surveys, assessments and site inspections. The candidate will have knowledge of ecological conditions that affect landscape design and landscaping installations, knowledge of or ability to research local codes and regulations pertinent to landscape design recommendations and installations, skill in drawing and sketching plans to scale and knowledge of material and labor costs or ability to research to provide recommendation and cost estimates. Candidate will have the ability to use related computer software, good organizational skills, be able to complete data analyses as well explain their findings. The candidate will have excellent verbal and written communication skills, have experience in creating presentations as well as have good interpersonal skills which will assist them to work with individuals from varied professional backgrounds and at different levels (from front-line staff to senior leaders). The candidate will have the ability to work both independently and on a variety of teams.
Position 435131: Dietitian Intern

**Agency:** DEPARTMENT OF HEALTH SERVICES  
**Division:** CWC  
**Location:** Madison  
**Expected Hours Per Week:** 30-40  
**Eligible for Remote Work:** No  
**Pay Range:** $14.25 - $15.37

**Job Description and Duties:**
Under the supervision of the Central Wisconsin Center (CWC) Food Service Administrator and in cooperation with the Food Service Managers, Registered Dietitian and Dietetic Technician Registered, the Dietetic Intern will focus on technology used within food service. The intern will gain experience with food service software systems and working on standardizing data entries in order to enhance the applications usefulness and reduce the areas of risk.

**Preferred Knowledge, Skills and Abilities (KSA’s):**
The candidate will have the ability to work with a variety of employees to gather needed information and complete analysis of flow of information within the food service departments. The candidate will ideally be a student enrolled in a dietetics or dietetic technician program. The candidate will have knowledge of food service operations, nutrition, and medical nutrition therapy. The intern will have computer, math and organizational skills, attention to detail and the ability to use related computer software. The candidate will have excellent verbal and written communication skills, as well as have good interpersonal skills which will assist them to work with individuals from varied professional backgrounds and at different levels (from frontline staff to senior leaders). The candidate will have the ability to work both independently and on a variety of teams.
Position 435133: Power Plant Operator

Agency: DEPARTMENT OF HEALTH SERVICES
Division: SWC
Location: Union Grove

Pay Range: $14.25 - $17

Expected Hours Per Week: 40

Eligible for Remote Work: No

Job Description and Duties:
These positions operate, service, and maintain combination oil and gas fired high pressure steam generators and associated equipment such as boiler feed and condensate pumps, emergency generator, water softeners, de-alkalizers, reverse osmosis system, and chemical feed pumps. There are routine written reports on boiler operation, water quality tests, meter readings, water well operation, and other equipment functions. The candidate will shadow and assist full time staff with daily assignments.

Preferred Knowledge, Skills and Abilities (KSA’s):
Desired candidates will have experience performing general maintenance and repairs utilizing basic power tools and hand tools and/or the ability to learn how. Training and/or experience with general safety practices and any experience performing basic maintenance repairs is desired.
Position 435134: Diversity and Inclusion Policy Analyst Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: OIG
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: up to 40
Pay Range: $16.25

Job Description and Duties:
The policy analyst intern, depending on skill levels and abilities, will report directly to the Inspector General to aid in the creation of diversity and inclusion based principles for the Office, assess if these principles are naturally occurring through office operations, and identify how the principles can be consistently applied the various program integrity responsibilities of this office. This position will aid the provider and beneficiary based teams to evaluate if their practices or actions are inadvertently or disproportionately impacting communities of color through the assessment and review of various case audits, data analysis, and documentation review. This position will aid in reviewing OIG communications, including notices and educational materials, to ensure they are more inclusive for various populations and audiences. This position will be matrix across OIG to support the various Sections, and will collaborate with other Diversity staff across DEPARTMENT OF HEALTH SERVICES to identify strategies, methods, and other best practice tools to support these efforts.

Preferred Knowledge, Skills and Abilities (KSA’s):
The desired candidate should have background experience and training in a diversity or health disparities based role. Specifically, the desired candidate should have skills which will aid in supporting or facilitating projects that improve diversity and inclusion in the workplace. The candidate will have skills in researching operational documentation and policies to identify areas that may restrict or negatively impact populations of color, and experience compiling data and metrics to recognize trends. The candidate should have experience promoting diversity and inclusion efforts through the creation and implementation of project initiatives that address communications, event planning, and presentations.
Position 435135: Auditor Intern

Agency: DEPARTMENT OF HEALTH SERVICES
Division: OIG
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16.25

Job Description and Duties:
The audit intern, depending on skill levels and abilities, will provide assistance on a number of projects for which the Internal Audit Section is responsible, including audits, investigations, risk assessments, research, database management, developing resource materials and compiling manuals in accordance with Standards for the Professional Practice of Internal Auditing (SPPIA). The duties may include performing selected assignments such as internal audits, consulting engagements or fraud investigations performed by the Internal Audit Section; assisting in department risk assessment, assisting in developing Internal Audit Section materials, guidance and manuals in accordance with industry standards and best practices; and assisting in developing scripts for computer-assisted auditing techniques (CAATS) to be used in the analysis of data and sample selection during audits.

Preferred Knowledge, Skills and Abilities (KSA’s):
The desired candidate should have: a knowledge of auditing standards and accounting principles generally accepted in the United States; the ability to research and evaluate audit and other financial management information in laws, regulations, industry journals and professional publications and standards; and the ability to effectively communicate, both orally and in writing, on results of assignments to Section Chief and other Department staff. In addition, the intern should be able to work effectively as a member of a team, and be competent in Microsoft Office programs.
Position 435136: Data Analyst Assistant

Agency: DEPARTMENT OF HEALTH SERVICES
Division: OIG
Location: Madison
Expected Hours Per Week: 40

Eligible for Remote Work: Yes
Pay Range: $16.25

Job Description and Duties:
The position will be housed in the Office of the Inspector General (OIG) in the Business Intelligence and Research Section (BIRS). This position will be tasked with process documentation and process improvement with a focus on assisting the team responsible for data analytics as well as work in data visualizations to assist the OIG in making data driven decisions. This position will show flexibility in assignment to allow for advancing the BIRS section, in assisting with process organization, development, and documentation while also providing assistance or leading the development of visual story telling with data.

Preferred Knowledge, Skills and Abilities (KSA’s):
A wide range of skills will be useful in this position. Knowledge or experience with process development and data visualization or data storytelling will lead to quality outcomes. The OIG leverages multiple programs in data storytelling and process development. Programs that the user will encounter include VISIO, Excel (with Power Pivot), Tableau and Business Objects. This position requires proficiency in the standard Microsoft suite. During the course of the work in this position, an understanding of the SQL Query language would be beneficial in understanding processes, but use of SQL query writing may be limited due to the duration of the internship. Other beneficial skills include statistical analysis, LEAN training or similar and knowledge of process mapping.
Position 435137: Quality Assurance Program Specialist

Agency: DEPARTMENT OF HEALTH SERVICES
Division: DCTS
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 40
Pay Range: $16.25

Job Description and Duties:
This position would be responsible for assisting the program staff with project that included evaluation and review of client-level data to ensure contractor adherence with state laws and program standards. Through program/client data review, this position would help assess program effectiveness; develop quality assurance standards to ensure compliance with requirements; improve the quality of the program by conducting analyses based on individual client file review, gathering and evaluating data and information; develop plans, and reports and recommendations.

Preferred Knowledge, Skills and Abilities (KSA’s):
The ideal candidate is analytical, has excellent attention to detail, has advanced problem-solving and decision-making skills. This candidate should possess excellent written and verbal communication skills, ability to multitask and manage time. Experience and interest in team work and collaboration is a must. Additionally the candidate should be proficient in use of Microsoft Office and online meeting platforms such as Zoom. Experience using online survey software to build surveys and analyze data is preferred. The ideal candidate will have an interest in quality assurance/improvement related to mental health, substance use, and criminal justice populations (though there will be no direct work with individuals in our programs.)
Position 435138: Records/Forms Management Specialist

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: DQA  
Location: Madison  
Eligible for Remote Work: Yes  
Expected Hours Per Week: Up to 40  
Pay Range: $15.25 - $18

Job Description and Duties:
This position will review and revise as needed record retention/disposition authorization. Work with supervisor on a procedure for annual review and destruction of records. Work in file center to box records for destruction. Use reporting mechanism to report on record disposition. Work on small teams to design new forms or revise obsolete forms. Work with forms coordinator on form revision or development requests.

Preferred Knowledge, Skills and Abilities (KSA’s):
We seek an intern with strong organizational skills and attention to detail. Must have strong computer skills including Microsoft Word, Excel, PowerPoint. Ability work on a team to meet goals and deadlines. Ability to lift and carry up to 20 pounds of record files.
Position 435139: Records Management and Licensing Intern

Agency: DEPARTMENT OF HEALTH SERVICES  
Division: DQA  
Location: Madison (with some travel to Green Bay office)  
Eligible for Remote Work: No  
Expected Hours Per Week: 20  
Pay Range: $14.25 - $15

Job Description and Duties:
These positions will provide records management, Assisted Living license application support, and general office support. Duties include supporting the Going Green records initiative which includes reviewing, collating, editing, transferring, filing, and destruction of paper records in accordance with state record retention requirements. Assist with preparation and review of Assisted Living license applications to include hard copy submission review, preparation, scanning, copying, filing, and mailing of documents; customer, provider, and public support/outreach via phone and e-mail; and general office support tasks for BAL projects to include developing and tracking project agendas, setting up on-line and in person project meetings, taking, editing, and disseminating meeting notes; assisting in the set up and running of in-person meetings; project research; and general office support tasks such as copying, scanning, and filing as required.

Preferred Knowledge, Skills and Abilities (KSA’s):

Excellent written and oral communication skills; proficiency with computers and use of Microsoft Office software (Word, Excel, Outlook, Edge, PowerPoint, etc.) and virtual meeting software (Zoom, Teams, etc.); excellent customer service skills/experience and ability and willingness to professionally communicate with partner agencies, providers and the public via phone and email; experience using general office equipment (copiers, scanners, shredders, etc.); attention to detail and ability to understand and follow regulatory requirements, confidentiality requirements, and follow written/verbal instructions; project management skills; able to multi-task; able to work independently and in a team environment; valid Wisconsin Driver License and willingness/ability to utilize own transportation to travel to/from state offices in the Madison metro area and other state regional offices (Green Bay) if required.
Position 435140: Quality Assurance Program Specialist

Agency: DEPARTMENT OF HEALTH SERVICES
Division: DQA
Location: Madison
Eligible for Remote Work: Yes part-time
Expected Hours Per Week: 40
Pay Range: $16.25 - $18

Job Description and Duties:
These positions provide quality oversight and leadership for the review and analysis of policies and procedures for issues related to the delivery of care (e.g., social services, activities, and specialized services), resident rights, and statutory caregiver misconduct, licensing, and certification activities for Division programs. Collaborate with DQA managers and staff and Centers for Medicaid Services on ongoing issues related to survey protocol, citing practices, and principles of documentation for Division programs. Research, prepare and provide Division management with interpretations of state and federal health care provider regulations related to the assigned issues. Provide technical support and consultation to Division staff and management, as well as other bureaus within the department regarding professional application of state and federal regulations related to assigned issues. Respond to correspondence and inquiries regarding the Division’s policies and procedures concerning assigned issues. Identify concerns, recommend solutions, and provide consultation and technical assistance related to care delivery, resident rights, Medicare/Medicaid reimbursement and surrogate decision-making.

Preferred Knowledge, Skills and Abilities (KSA’s):

We seek interns with an interest in ensuring quality health care who possess critical thinking, research, and analysis skills. Must be able to communicate effectively orally and in writing and establish positive working relationships with a variety of stakeholders. An interest in quality improvement and data is helpful but prior experience is not required. Knowledge of management of information systems and personal computer hardware and software.

Pay Range: $16 - $18.69

Job Description and Duties:
The DBSI Intern will assist with the collection and analysis of information regarding emerging transportation issues. They will perform policy analysis for DBSI on selected areas of interest to the Secretary’s Office such as development of state policies and revenue implications of alternative fuel/hybrid/electric vehicle and a literature search and review of ridesharing/transit needs and how that may play out in Wisconsin. They will assist with SharePoint site updates and conduct reviews and analysis of existing web materials and assist with the organization and display of content to aid department staff. In addition, they will work with various aspects of creating digital collections to ensure quality digital documents for future reference and longer-term preservation needs. The intern will be supervised by the Division Administrator and will work closely with staff in the Division.

Preferred Knowledge, Skills and Abilities (KSA’s):
Strong organizational skills.  
Time and task management skills.  
Verbal and written communication skills.  
Ability to work independently.  
Ability to work effectively within a collaborative team environment.  
Ability to focus on tasks with strong attention to detail and accuracy.  
Skill in the use of standard office computer applications, including Microsoft Office, Excel and Adobe products.  
Website and communication design.  
Skill in the use of Microsoft SharePoint.  
Policy analysis skills.  
Knowledge of research, data collection and quantitative analysis methods.
Position 395105: Railroad Crossing Inspector

Agency: DEPARTMENT OF TRANSPORTATION  
Division: Division of Transportation Investment Management  
Location: Madison - statewide travel required  
Eligible for Remote Work: Yes  
Expected Hours Per Week: 40  
Pay Range: $14

Job Description and Duties:
This position provides railroad support activities statewide. This position is primarily responsible for performing railroad grade crossing field survey and program coordination associated with the STH Rail Crossing Repair Program. This position will also perform other rail coordination related duties as assigned by the Supervisor. This position works as part of a team that provides rail support for the entire state. Data gathered and interpreted by this individual will be fundamental to programming of crossing surface repair projects in the department’s program. Work schedule may vary and occasional work-related overnight travel may be required.

Preferred Knowledge, Skills and Abilities (KSA’s):
• Ability to communicate effectively, and to establish and maintain effective working relationships with personnel within the Region, railroad companies, municipalities, Central Office, and consultants.
• Problem-solving, decision-making, and negotiating skills.
• Understanding of processes and procedures used in GPS data collection, data editing and map composition. Strong math skills and ability to perform and check more complex computations. Able to read and assist in the development of project plans.
• Ability to operate electronic level, range distance finder, electronic measuring wheel and various other field tools.
• Strong interpersonal and communication skills. Good business writing skills.
• Good time management and workload prioritization skills.
• Knowledge of various software programs.
• Strong computer skills.
• Strong attention to detail.
• Strong organization and time management skills.
Public Service Commission (PSC)
Position 155101: Office Operations Associate

Agency: PUBLIC SERVICE COMMISSION
Division: Division of Business Operations and Office Management
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 10 to 20
Pay Range: $13

Job Description and Duties:
This position assists with the Public Service Commission’s (PSC) financial operations. The PSC’s Bureau of Financial Services (BFS) is responsible for day-to-day operations of the agency, including revenue and expenditure processing, utility assessments, budgeting, procurement and fiscal management for federal and state grants. Assigned tasks will vary depending on the selected applicant’s skills and interests.

Preferred Knowledge, Skills and Abilities (KSA’s):
• Demonstrated experience developing Microsoft Excel spreadsheets
• Ability to analyze complex information in a logical manner to reach independent conclusions
• Interest or experience in financial services or auditing
• Excellent verbal and written communication skills
• Good organizational skills
Position 155102: Energy Project Coordinator

Agency: PUBLIC SERVICE COMMISSION
Division: Office of Energy
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 10 to 20
Pay Range: $14

Job Description and Duties:
The project coordinator will primarily help support several projects within the Office of Energy Innovation during the internship term, with the possibility to support other areas within DACEA. These projects align with work objectives that our teams are managing. Project Coordination for open grant and technical support programs. The project coordinator will work closely with the team to define an ongoing task list and follow-up on the delivery and status of those project tasks. This work may include gathering and compiling data from grant applications and supporting the team in providing timely correspondence to grant applicants.

Preferred Knowledge, Skills and Abilities (KSA’s):
• Demonstrated experience developing Microsoft Excel spreadsheets
• Ability to analyze complex information in a logical manner to reach independent conclusions
• Excellent verbal and written communication skills
• Good organizational skills
Position 155103: Non-Profit Grant Analyst and Storyteller

Agency: PUBLIC SERVICE COMMISSION
Division: Division of Digital Access, Consumer and Environmental Affairs
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 10 to 20
Pay Range: $16 - $16

Job Description and Duties:
The analyst will support the Bureau of Broadband, Digital and Telecommunications Access (BDATA) in the Division of Digital Access, Consumer and Environmental Affairs (DACEA) by reviewing and summarizing reports from the Non-Profit Access Grant Program. This will include analyzing data the bureau has on-hand, but also reaching out and connecting to past, and possibly current, grantees. The analyst will then create a report highlighting the work of the grant recipients and make recommendations based on the analysis conducted.

Preferred Knowledge, Skills and Abilities (KSA’s):
• Classes, coursework, or work experience in non-profit administration or leadership, data science/data analysis, public administration, public policy or a related field
• Excellent verbal and written communication skills
• Good organizational skills
• Ability to analyze complex information in a logical manner to reach independent conclusions
• Ability to develop and write a report for management and external stakeholders
• Cultural competence and ability to interview non-profit staff and diverse clients of programs funded by the Commission
Position 155104: Regional Markets Policy Analyst

Agency: PUBLIC SERVICE COMMISSION
Division: Division of Energy Regulation and Analysis
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: up to 40
Pay Range: $16

Job Description and Duties:
This position is responsible for policy and program support, analysis, and development on significant regional energy market issues including but not limited to areas of demand response and technology; markets and tariffs; resource adequacy and reliability; distributed energy resources and distribution planning; transmission cost allocation; and transmission planning in the Public Service Commission of Wisconsin (Commission), Division of Energy Regulation and Analysis (DERA), Bureau of Energy Markets and Electric Infrastructure (BEMEI), Office of Regional Markets (ORM).

Preferred Knowledge, Skills and Abilities (KSA’s):
1. Skill in the use of standard office computer applications, including the Microsoft Office Suite (Outlook, Word, PowerPoint, and Excel).
2. Skill in making presentations and presenting reports
3. Ability to communicate effectively orally and in writing, including the ability to present complex technical and policy material to diverse audiences such as Commissioners, natural gas and electric utilities, media, stakeholders, policy-makers, and the general public in a clear, concise, and correct manner with divergent audiences on adversarial topics.
4. Ability to work collaboratively and effectively in a multi-disciplinary team environment.
5. Ability to establish and maintain effective working relationships with Commission, management, co-workers and external stakeholder groups, including utility representatives, staff from other state, regional, and federal regulatory agencies, consultants, representatives of consumer and environmental groups (interveners), members of the general public (utility customers), and other regulatory commissions.
6. Ability to interpret statues, administrative rules, tariffs, Commission orders, and decisions pertaining to electric utility regulation.
Position 155105: Water Data Scientist Intern

Agency: PUBLIC SERVICE COMMISSION
Division: Division of Water Utility Regulation and Analysis
Location: Madison
Eligible for Remote Work: Yes
Expected Hours Per Week: 10 to 40
Pay Range: $16 - $18.69

Job Description and Duties:
This position assists with implementation of the Public Service Commission’s (PSC) statewide water utility regulatory program. The PSC’s program is one of the few programs nationwide to provide economic regulation of municipal water utilities. The PSC works to ensure the state’s water utilities have the financial capacity necessary to deliver safe, reliable drinking water in a sustainable, affordable, environmentally responsible and equitable manner. In order to carry out its regulatory responsibilities, the PSC collects financial and operational data from over 575 water utilities annually. The PSC also approves utility rates and construction projects and maintains a comprehensive database of water utility rates. This position will help analyze data to assist with a variety of regulatory priorities within the Division. Assigned tasks will vary depending on the selected applicant’s skills and interests.

Preferred Knowledge, Skills and Abilities (KSA’s):
• A bachelor’s degree or coursework in data science/data analysis, statistics, public administration, public policy, economics, accounting, civil engineering, law, or a related field
• Demonstrated experience developing Microsoft Excel spreadsheets and Microsoft Access database queries to analyze large data sets
• Experience working with data visualization, GIS tools is a plus
• Interest or experience in public utility regulation, data science, or public administration and policy analysis
• Excellent verbal and written communication skills
• Good organizational skills
• Ability to analyze complex information in a logical manner to reach independent conclusions
Department of Safety and Professional Services (DSPS)
Position 165101: Visual and Social Communications Intern

Agency: DEPARTMENT OF SAFETY AND PROFESSIONAL SERVICES
Division:
Location: Madison                     Eligible for Remote Work: Yes
Expected Hours Per Week: 20
Pay Range: $15 - $18

Job Description and Duties:
This position supports communication efforts through web design, visual design, and social
media creation. The position will help transition web pages to new templates and otherwise
refresh current web content. This position will help establish a set of branding and creative
direction standards for all print, visual and multimedia projects and work with divisions and
teams throughout DSPS to build understanding and capacity in using those elements to create
effective communication materials. The position will also inform social media strategy and
create, independently and collaboratively, social media content. Finally, this position will
support other communication efforts as needed.

Preferred Knowledge, Skills and Abilities (KSA’s):
Knowledge and skill in developing web content.
Knowledge and skill in developing visual content
Knowledge and skill in developing social media content
Considerable knowledge of and skill in graphic design and, ideally, in animation of graphic
elements
Knowledge and skill in development of communications materials
 Ability to translate written content to visual resources
Skill and experience in using Adobe Creative Cloud
Excellent oral and written communication skills
Ability to develop visual communication materials for a large organization
Position 165102: Paralegal (Research Analyst)

Agency: DEPARTMENT OF SAFETY AND PROFESSIONAL SERVICES
Division: Division of Legal Services and Compliance
Location: Madison
Expected Hours Per Week: 20 to 40

Eligible for Remote Work: Sometimes
Pay Range: $16 - $18.69

Job Description and Duties:
The paralegal (Research Analyst) is a legal intern who will assist DLSC attorneys protecting the public health, safety, and welfare of Wisconsin’s residents. DLSC offers an opportunity to work in a truly collaborative environment. The paralegal intern works under attorney supervision, with primary responsibility for investigation in a confidential, disciplinary caseload. The paralegal will develop written and oral communication skills through legal research, case strategy discussions, objectively drafting clear case summaries with applicable caselaw, and responding to internal and external customer service inquires. The paralegal may shadow prosecuting attorneys and second chair at pre-trial and hearing. Paralegals will have meaningful networking opportunities through contact with case advisors, attendance at professional board meetings, participation in hearing proceedings, and daily interactions with Department Staff.

Preferred Knowledge, Skills and Abilities (KSA’s):
• Knowledge of legal documents
• Ability to analyze facts and determine compliance with legal requirements.
• Strong organizational skills.
• Time and task management skills.
• Verbal and written communication skills.
• Ability to work independently and effectively within a collaborative team environment.
• Ability to focus on tasks with strong attention to detail and accuracy.
Position 165103: Program and Policy Analyst

Agency: DEPARTMENT OF SAFETY AND PROFESSIONAL SERVICES
Division: Division of Professional Credential Processing
Location: Madison

Eligible for Remote Work: No
Expected Hours Per Week: up to 40
Pay Range: $16

Job Description and Duties:
This position works closely with the Program and Policy Analysts to develop policies and procedures to promote efficiency in the Division of Professional Credential Processing. This position researches, organizes, reviews, and implements policies, procedures and special projects. This position may have other duties as assigned by the Division Administrator.

Preferred Knowledge, Skills and Abilities (KSA’s):
1) Ability to prioritize, organize, interpret, and present information.
2) Ability to establish and maintain effective cooperative relationships with co-workers, the general public, department personnel, and local, state, federal, and private officials, associations and organizations.
3) Effective written and verbal communication skills.
4) High level of skill and ability with attention to detail.
5) Ability to function independently and make complex judgements.
6) Ability to function in a team environment.
7) Research and analytical problem-solving skills.
8) Computer skills i.e. technical skills to effectively understand and use software and technology tools; Oracle database, Microsoft products, Internet, etc.
Department of Financial Institutions (DFI)
Position 144101: Research Analyst

**Agency:** DEPARTMENT OF FINANCIAL INSTITUTIONS  
**Division:** Office of Financial Capability  
**Location:** Madison  
**Expected Hours Per Week:** 40  
**Eligible for Remote Work:** Some  
**Pay Range:** $15 - $15
