

DENTAL BENEFITS FOR STATE EMPLOYEES AND RETIREES

If you are already enrolled in dental benefits, your coverage will automatically continue. Plans and rates can be found on page 4. If you would like to enroll in a new plan or make changes to your current coverage, see page 7 for details.

Comprehensive dental insurance is a great way to support your oral health and your overall well-being. This guide answers some common questions about supplemental dental plans and provides a few considerations when choosing a plan.

Why You Need Comprehensive Dental Insurance

The unexpected can happen. If you need dental work you didn't plan on, a supplemental plan (preventive or major) can help reduce the amount you pay out of pocket. It can also be a wise investment when you're considering more extensive treatments or procedures like braces or dentures.

Find the right dental plan(s) for you

Dental plans and which procedures they cover can vary. The Uniform Dental Benefit (UDB) Plan and the Delta Dental PPO Plus Premier™ - Preventive Plan help cover the cost of basic preventive care and minor restorations like fillings. Major supplemental plans, like the Delta Dental PPO™ - Select Plan and Delta Dental PPO Plus Premier™ - Select Plus Plan help cover the costs of more expensive treatments like crowns or root canals. So how do you know which plans to choose? Consider:

Your oral health

Is your mouth healthy, or are you overdue for a check-up or dental work?

Your budget

Do you have savings or a financial plan for unexpected dental work?

Your family

Consider the oral health of everyone who will be covered by your plan.

Your dentist

Do they participate in one or both Delta Dental networks?*

How to Choose the Right Dental Plans

Thinking about dental needs by age group may help you evaluate plan choices.

Age 0-18

Help your children establish good oral health habits from the start by focusing on preventive dental care early. Cleanings, exams, fluoride treatments, sealants, and braces are all common needs in this age range.

Age 19-39

At this age, you may be less likely to have oral health problems – but will still need regular visits to the dentist for preventive care. You may have the occasional dental emergency like a cracked or chipped tooth. If you've started a family, be sure to include the additional needs of your dependents as well.

Age 40-59

As you age, so do your teeth. Consider coverage options for restorative procedures such as root canals and crowns. You may want to select a plan with a higher annual maximum to help manage out-of-pocket costs.

Age 60+

Chronic conditions are more likely to occur after age 60. In addition to preventive care, look for a plan that helps manage expenses related to issues like gum disease or associated medical conditions like heart disease, diabetes, and side effects from cancer therapy. Bridges, dentures, and implants may also be on your radar. Consider a plan with a higher annual maximum.

Dental Plan Options

REMINDER: If you are enrolled in the UDB or Preventive Plan AND a major supplemental plan (Select or Select Plus) and had a qualified preventive service (cleaning/exam) in 2022, your deductible on the major supplemental plan will be waived in 2023. Individuals must be enrolled in both plans (UDB or Preventive Plan AND Select or Select Plus Plans) in 2022 and 2023 to be eligible. In addition, if you continue coverage and have your preventive visit in 2023, your 2024 deductible will also be waived.

Choose Your Provider

The UDB Plan and supplemental dental plans can help you and your family save money every time you see the dentist, whether for preventive checkups and cleanings, or unexpected expenses like fillings or crowns.

You can also save more money depending on which provider you choose. Delta Dental offers two dental networks: Delta Dental PPO and Delta Dental Premier.

Providers who belong to the Delta Dental PPO network offer the greatest discounts. Dentists who belong to the Delta Dental Premier network also agree to discounts – just not as deep.

Member Protections

No matter which network provider you choose, you can count on the following member protections:

Treatment guarantees

Providers agree to repair or replace dental restorations should they fail within 24 months.

No balance-billing

Providers agree to a maximum fee – if their normal charge is higher than the maximum fee, they can't pass the balance on to you.

Claims processing

Providers file claims on your behalf. Payments go directly to the dentist. No work for you!

*Please note the network(s) available for your plan type (i.e. Delta Dental PPO™ – Select Plan participants can ONLY see a PPO dentist).

state-of-wi/enroll](http://www.deltadentalwi.com/state-of-wi/enroll)

So What Does This All Mean?

Basic Coverage

Basic coverage usually provides for preventive benefits like exams, X-rays, cleanings, and simple restorations like fillings. You will have basic coverage if you are enrolled in the UDB dental coverage under the State of Wisconsin Group Health Insurance Program.

If you don't have basic coverage through the UDB or another dental plan, you may want to enroll in the Delta Dental PPO Plus Premier – Preventive Plan*. This plan matches the UDB benefit feature for feature.

Add More Coverage

Two additional supplemental plans are offered to help with out-of-pocket expenses for major services like crowns and root canals: **Delta Dental PPO – Select Plan** and **Delta Dental PPO Plus Premier – Select Plus Plan**. These plans have different copay levels, orthodontia coverage, and network availability.

Enrollment

If you already have the UDB or Preventive Plan and/or a major supplemental plan through Delta Dental of Wisconsin, you will automatically be re-enrolled and don't need to do anything.

However, if you will be enrolling in a NEW plan or need to make changes to your current enrollment information for 2023, visit www.deltadentalwi.com/state-of-wi/enroll to verify eligibility and coverage. You will receive a new ID card if you are a new subscriber to a plan.

Enroll or make changes during open enrollment, September 26 – October 21, 2022.
