A Guide to Your 2020 Dental Benefits

Welcome

We hope you find this guide helpful to navigating your 2020 dental benefit options. Insurance can be confusing so if you have questions at any time, please call **844-337-8383** or visit www.deltadentalwi.com/state-of-wi to chat with a Customer Experience Specialist.

Things to note:

- Uniform Dental coverage mirrors your health insurance coverage. For example: If you elect family health insurance with dental, you will be enrolled in family dental coverage.
- Enrollment continues each year unless you cancel during the open enrollment period.
- If you would like enroll in a new plan, visit www.deltadentalwi.com/state-of-wi/enroll to learn more.
- Make sure your dentist is covered. The Select plan has fewer in-network dentists than the Select Plus, Uniform Dental, and Preventive plans.

Uniform Dental Benefit Plan

Available to those enrolled in health insurance under the State of Wisconsin Group Health Insurance Program.

or

Delta Dental PPO Plus Premier™ – Preventive Plan

Only available to those **not** enrolled in health insurance through the program.

+

Delta Dental PPO™ – Select Plan

or

Delta Dental PPO Plus Premier™ – Select Plus Plan

Step 1:

Sign up for basic coverage

Get covered for basic procedures such as cleanings, fluoride treatment, fillings, and orthodontia.

The Uniform Dental Benefit Plan (UDB) helps cover the cost of preventive care like exams and cleanings, as well as minor restorations like fillings. It also covers child orthodontia up to \$1,500.

IF YOU DO NOT HAVE STATE OF WISCONSIN GROUP HEALTH COVERAGE AND THEREFORE ARE NOT IN THE UNIFORM DENTAL BENEFIT PLAN, you now have the option to enroll in a supplemental preventive dental plan that mimics UDB coverage – the Delta Dental PPO Plus Premier™ – Preventive Plan.

Step 2:

Add more coverage if needed

Get additional coverage for items such as crowns, bridges, dentures, implants, adult orthodontia, and root canals.

There are two major supplemental dental plans, Delta Dental PPO™ – Select Plan and Delta Dental PPO Plus Premier™ – Select Plus Plan, that help cover costs of more expensive procedures like crowns and root canals that are not covered by preventive benefits plans. Choose one based on the type of coverage you think you may need.

NOTE: Supplemental plans are available for State employees, State & Local retirees; and Local employees if their employer chooses to provide them.

Choose Your Dentist

The UDB and supplemental dental plans can help you and your family save money every time you see the dentist, whether for preventive checkups and cleanings, or unexpected expenses like fillings or crowns.

You can also save more money depending on which dentist you choose. Delta Dental offers two dental networks: Delta Dental PPO and Delta Dental Premier. Both can save you money.

Dentists who take part in the Delta Dental PPO network offer the greatest discounts. More than 50% of dentists belong to the network. Dentists who take part in the Delta Dental Premier network also agree to discounts - just not as deep. But the network is broader with more than 90% of dentists.
