Division of Personnel Management Approval(s):

Compensation Analyst _____ Date _____

Employment Relations Specialist* _____ Date _____

(*HAM requests for represented positions only)

HAM/TAM Request Completion Instructions:

An agency HAM/TAM request will not be considered complete unless all information required under 1. through 5. below, is provided. Please attach any additional information you believe is necessary to fully document your request in accordance with the WHRH HAM Chapter 508. Attach a position description.

Send via inter-departmental mail to DPM/BCC, HAM/TAM, 101 E. Wilson Street, 4th floor, or e-mail to DOA DPM HAM TAM Requests@Wisconsin.gov, or FAX to (608) 267-1020.

1. Identify the **minimum** requirements for this classification and level.
2. Describe the duties of this position that differ significantly from other positions within this classification. Specifically describe the necessary job qualifications, including why and how they differ from those normally required. Compare the qualifications desired to those possessed by current employees within that classification.
3. Provide a list of specific qualifications accompanied by HAM rate percentages or flat dollar amounts that reflect the total that may be paid for that qualification. These qualifications should be as objective and specific as possible, considering both the qualifications and classification levels of current agency employees. Criteria should not promote or exacerbate significant pay disparities between newly hired and current employees with the same basic qualifications.

Example:

Criteria Category	Maximum %	Flat Dollar Amount
MS degree in early childhood education	5% of minimum	\$0.25 per hour
Advanced Level Experience in policy analysis	10% of minimum	\$0.50 per hour
Wisconsin legislative work experience	2% per year of experience (Not to Exceed 10%)	\$0.25 per hour per year of experience (Not to Exceed \$3.00)

4. Describe the qualifications needed by the position incumbent and document the performance required at this level. This documentation may be explained by program requirements, specific and expected work assignments, or by comparing the performance/productivity of current employees with the desired qualifications to the performance/productivity of those without the qualifications. Also, supporting justification for a higher starting rate should be submitted in the form of documentation of wage rates of individuals possessing the desired qualifications.
5. Labor Market Information. Provide any labor market data collected from employers with similar positions, including a list of employers contacted and summarized data analysis. Information regarding previous recruitment problems (e.g., failed recruitments) for the identified classification should also be included.
