

PUBLISHING AN ONLINE COURSE

Learning Fundamentals - System Administrator Training

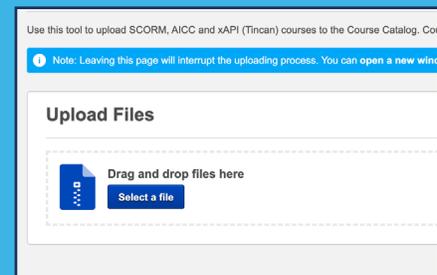

Using the Content Uploader, you can upload new online SCORM and AICC courses to the system. The Content Uploader page allows administrators to upload multiple course files at one time, view upload statuses, and access the Upload History page.

Courses must be zipped into a single zip file. Any zip file must contain only one standard (AICC or SCORM or xAPI). You can upload up to 750 MB per file.

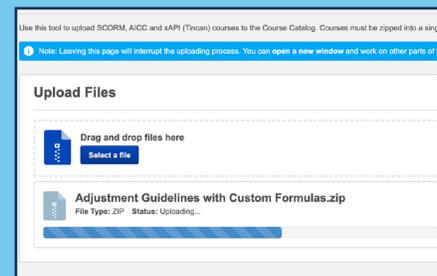

To access the **Content Uploader**, go to:

ADMIN > TOOLS > LEARNING > CONTENT UPLOADER.

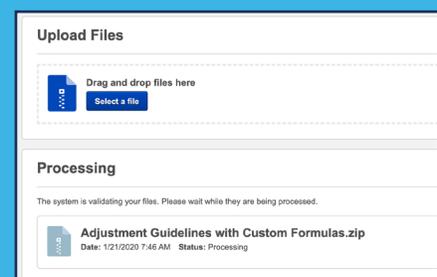

- 1 Click the **Select a File** button or drag and drop the .zip files

- 2 A progress bar below the files displays the ongoing upload progress for the files

- 3 Once uploaded the file will begin processing and validating your files.

PUBLISHING AN ONLINE COURSE

Learning Fundamentals - System Administrator Training

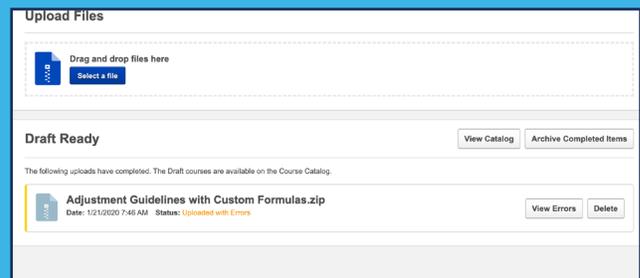

After the files successfully processes, it appears in a Needs Provider section. Here you can view Error logs and even Delete the upload.

- 4 Click the **SELECT PROVIDER** button. Select the system provider

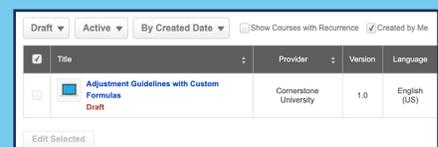

Once a Provider is selected, files moves to the Draft Ready section and the status moves to Uploaded Successfully. It is available in the Course Catalog as a draft.

- 5 Select the **VIEW CATALOG** button

- 6 Select the **title** of the course

- 7 Select the **Publish** button

After the course has been published, edit the Course Console or Course Catalog to enter details.
