

Cancel an Instructor-Led Training (ILT) session

1. From the menu, select **ILT Admin** and then select **Manage Events & Sessions**.
2. Find the event containing the session using Search for all Events. Type keywords into the **Event Name** field. Select **Search**.

Search for all Events Search for all Sessions

or search for sessions directly by using locator number

3. Select the **View Session** link beside the event.
4. Find the session to be cancelled. Click the three dots under the **Options** column and select **Cancel Session**.
5. A **Cancel Session** screen will open.
6. In the **Session Cancellation Options** section, select the **Please Select a Reason** drop-down menu button. If Other is chosen, type the reason in the **Additional Comments** textbox.

Please select a reason
