Each unit of employee coverage is based on your highest year of WRS annual earnings, rounded up to the next highest \$1,000. For new employees, coverage is based on your projected annual earnings.

- Basic = 1st unit of coverage
- Supplemental = 2nd unit of coverage
- Additional = can have 1, 2 or 3 units of Additional Coverage
- Spouse and Dependent Coverage = can have 1 or 2 units of coverage (coverage is a flat dollar amount – see above)
