

**STATE OF WISCONSIN  
CLASSIFICATION SPECIFICATION**

**LOTTERY SERVICES SPECIALIST  
CLASSIFICATION SERIES**

**I. INTRODUCTION**

A. Purpose of This Classification Specification

This classification specification is the basic authority under ER 2.04, Wis. Admin. Code, for making classification decisions relative to present and future professional positions located within the Department of Revenue, Lottery Division which perform Lottery service activities related to players and/or retailers. This classification specification will not specifically identify every eventuality or combination of duties and responsibilities of positions that currently exist, or those that result from changing program emphasis in the future. Rather, it is designed to serve as a framework for classification decision-making in this occupational area.

Classification decisions must be based on the “best fit” of the duties within the existing classification structure. The “best fit” is determined by the majority (i.e., more than 50%) of the work assigned to and performed by the position when compared to the class concepts and definition of this specification or through other methods of position analysis. Position analysis defines the nature and character of the work through the use of any or all of the following: definition statements; listing of areas of specialization; representative examples of work performed; allocation patterns of representative positions; job evaluation guide charts, standards or factors; statements of inclusion and exclusion; licensure or certification requirements; and other such information necessary to facilitate the assignment of positions to the appropriate classification.

B. Inclusions

This classification series encompasses professional Lottery program service positions located within the Lottery Division of the Department of Revenue. Positions allocated to this classification series are responsible for developing, implementing and evaluating sales and marketing strategies and programs on a regional or statewide basis; giving presentations and conducting training; developing problem resolution; information dissemination; determining and resolving issues related to retailers and players; performing nightly lottery drawings in accordance with Lottery policy, including accounting and auditing procedures and Multi-State Lottery rules and security requirements; and providing physical and electronic security and conducting investigations.

C. Exclusions

Excluded from this classification series are the following types of positions:

1. Positions which, for a majority of the time, perform duties which are more appropriately classified as Consumer Protection Investigator.

2. Positions which meet the statutory definitions of supervisor and/or management in Wis. Stats. 111.81(13) and (19) as interpreted and administered by the Wisconsin Employment Relations Commission.
  3. Positions which are more appropriately identified by other classification specifications.
- D. Entrance Into and Progression Through This Classification Series

Employees enter positions within this classification series by competition. Movement to the Senior level will occur by reclassification, based on the achievement of the required training, education, or experience, and the satisfactory performance of the work. Movement to the Advanced level will occur by reclassification for representative Field Marketing Representative, Key Accounts and Security Investigator positions only. Positions with leadworker duties will be filled by competition.
